**Reviews Assessment
Outlook For Board;
New Offer To Teachers**

A 20% drop in the market value of certain types of residential property since 1958 was cited by Granite City Assessor Von Dee Cruse this week in supplying further information to the school district on its assessment outlook.

His letter was read during a meeting Tuesday night at which the school board decided in a closed-door discussion to increase its pay offer to teachers' local 743. The local is expected to vote on the offer this afternoon.

Written statements taking opposite viewpoints were issued during the evening by School Attorney Maurice Daley and by the local's salary and policy committee, which has been attending board meetings. No agreement has been reached in talks relating to the 1962-63 and 1963-64 school years, and future assessments will affect the amount of funds available for salaries.

The board transacted other business for an hour and 45 minutes before Secretary George Stidham read the assessor's letter. Asked previously to bring the board "up to date" on the negotiations, Daley then read his review of developments being going last March.

At this point the board went into executive session for an hour and 15 minutes, deciding on the new offer. The offer was made public after it is heard by the teachers. Supt. Harold M. Kaiser relayed it to the teachers at a meeting last night.

Charges Misrepresentation
As the board adjourned, Mrs. Helen Bjorkman, secretary of the city committee chairman, asked to speak and criticized Daley for "derogatory statements" and the board for allowing him to make them, pointing out that "he is not elected by the voters to negotiate" with the teachers.

She said "misrepresentation and misunderstanding" of the committee's efforts would not have resulted if it had been allowed to negotiate directly with the board. Such direct talks have been rejected unanimously by the board.

Saying the committee's report had "many omissions," Mrs. Bjorkman asserted that the committee's agreement to drop its fringe benefit requests in November was based on the district approving the full pay raise at that time. She also disagreed with the interpretation of the lapse of talks last summer.

While the committee had waited during the conference to turn to the meeting room, it issued a "manifesto" outlining its views on teachers salary estimates.

\$60,000 Request
Its latest proposal, listed in the board agenda, was for \$37 monthly pay raises and extended hospitalization insurance this year, with additional monthly pay of \$27 next year. The administrative staff estimated this passers-by.

The two escaped with the money in a doughnut bag. They were believed to be in their late teens or early twenties.

**Starling Gets Warm;
Enters Home Via Flue**

A wise starling took refuge in a house, entering through the chimney during yesterday's sub-zero weather.

It had a 10-minute warning stay in the home of Mr. and Mrs. Wortzell "Browne" Langford, 2038 Skeen street, flying around the house.

Lankford, a custodian at the Madison County Nursing Home, who was on his day off, captured the elusive bird and put it outside. In its flight through the house, there was no damage.

Mrs. Langford said the bird must have dropped down the chimney, opening a damper with its weight and dropping through a hood flue at the kitchen stove. "Then it took off," she said.

**Oil Spills After
Auto Truck Crash;
Flames Controlled**

Firemen from Long Lake and Mitchell departments went to Route 111 and Sand Prairie road about 9:50 p.m. Wednesday after an oil truck and auto had collided and the truck tractor burst into flames. Two people, including the driver, were killed in the crash.

Crude oil flowed nearly 18 inches in highway ditches and threatened to catch fire. However, firemen confined the flames to the truck cab which was destroyed.

Residents of the area were alerted to the danger by state and county authorities.

Taken to St. Elizabeth Hospital by ambulance were the driver, John Benishoff, 31, of West Frankfort, driver for Dinn Co., and Margaret Benishoff, 47, of 8040 Collinsville road. Both were detained overnight for observation.

State police said she was a passenger in the auto driven by William Brenen, 21, of the same address. He was not hurt. The auto was on Sand Prairie road and slid on icy pavement at a stop sign. It went onto Route 111 and was hit by the north-bound truck which then left the highway and overturned in the ditch.

About 15 Long Lake firemen and four Mitchell firemen went to the scene and were there two hours. One Long Lake truck broke down enroute, due to a defective condenser.

**Bandits With Shotgun
Rob GC Bakery Of \$50**

Two young bandits, one of them armed with a shotgun robbed the Granite City Bakery, 2168 Washington avenue, of \$50 shortly before 11 p.m. Tuesday. The shop is operated by Mr. and Mrs. Robert Carson of 2134 Iowa street.

Mrs. Esther Thompson, 2226 Lee avenue, and Miss Sandra Noe, 2134 Iowa street, sister of Mrs. Carson, were on duty in the store making doughnuts. The women said the bandit pair walked in and announced it was a hold-up. They told the women to put the money in a bag. Though the store is well lighted, the windows were frosted over, concealing the robbery from passers-by.

The two escaped with the money in a doughnut bag. They were believed to be in their late teens or early twenties.

**Severe Cold
Handicaps
Quad-Cities
Activities**

**Frigid Temperatures
Slow Transportation;
Construction Halted**

Frigid temperatures of the past two days have hampered normal functions in the Quad-Cities, disrupting transportation, creating hazardous driving conditions, slowing business and trade and halting outdoor construction projects.

Roy Elliott, lockmaster of the Chain-of-Rocks canal locks, said if the sub-zero temperatures continue much longer boat and barge traffic on the canal will be brought to a standstill. Some vessels already are frozen in on the canal.

Elliott said navigation on the canal has been slowed considerably by the ice, but operation of the locks has not been hampered too much. "We have to operate a little more cautiously, of course," he said, "but we can lock through anything which slows down the canal ice."

Motorists with difficulty starting their autos have also had difficulty getting taxis, with hour-long waits not unusual. One cab driver said he was busier yesterday morning than at any time he could remember.

Installation of special heating equipment to keep engines from overnight apparently was not unusual, and vehicles parked outside with large electric light bulbs burning under their hoods were seen along the streets.

A service station operator said that of his first 12 calls yesterday to start autos, only one was successful in starting only one. Many motorists failed to get their batteries started even with "boosters," he said.

Key Streets, Highways
Those drivers who were successful in starting their autos found icy, hazardous streets awaiting them. Comparatively high winds accompanying Tuesday night's snow and plunging temperatures helped create drifts across streets and highways.

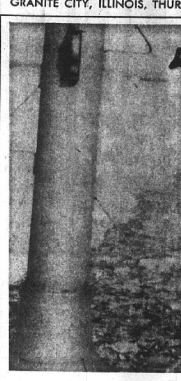

Street department crews in Granite City, Madison and Venice have been kept busy spreading salt and cinders on major streets and at busy intersections. By pavements show little sign of thawing as temperatures remain near the zero mark.

Police reported 11 street and highway accidents in or near the Quad-Cities, most of which were at least partially caused by the weather conditions. The accidents resulted in injuries to three persons. A number of clubs have cancelled meetings.

A Massman Construction Co. official said his company's work on the Intestate Route 270 Mississippi River bridge has been closed down completely, and will not be resumed until river ice thaws. No further attempt has been made to retrieve a barge-mounted crane which was water dam a short distance downstream, he said.

The barge was broken loose from its moorings by floating river ice, and was grounded on the rock-fill dam just below the Chain-of-Rocks Bridge. The

(Continued on Page 10, Col. 7.)

RIVER TRAFFIC is at a virtual standstill, but the Chain of Rocks canal locks is still doing business. Yesterday afternoon the towboat "Lad" (above) went through with barges for the local dock and cut a swath through the four-inch layer of ice. Lockmaster Roy Elliott said another day or so of zero and below temperature will close the river. Arrow indicates two empty barges frozen in and abandoned by a tow.

**Nameoki Twp. To
File Suit Testing
Levee District Law**

Filing of a mandamus suit in the circuit court at Edwardsville to test the constitutionality of the 1961 state legislation requiring the East Side Levee & Sanitary District to hold a referendum for future bonds issues is scheduled for this week or early next week by Nameoki township officials.

Supervisor Harry Briggs told the Press-Record this morning that the suit against the levee district was filed by Nameoki township officials.

Today at Edwardsville, he was scheduled to perform here on Sunday, March 3, in a performance scheduled for the Tri-City Community Concert Association members.

Mrs. Helen Simpkins, association secretary, said yesterday that arrangements have been made for the appearance of the Lucerne Festival Strings, a Swiss chamber orchestra, as a replacement for Mr. Templeton.

The pianist, who performed during the association's first season, has been suffering from a nerve disorder in the lower back which causes him constant pain, according to information from New York.

His appearance here and others late in the season were not canceled until recently in hopes that his condition would improve.

The Lucerne strings, organized in 1955 at Lucerne, Switzerland, are scheduled to perform here on Sunday, March 3, in the Granite City high school auditorium at 8 p.m.

The group, composed of 13 strings with Rudolph Baumgartner as conductor, will be the first of its second American tour.

The date of the association's final program this season, an April 1 appearance by baritone Bernard Izzo, remains unchanged.

**Bartender, Minors
Plead Guilty To
Liquor Violations**

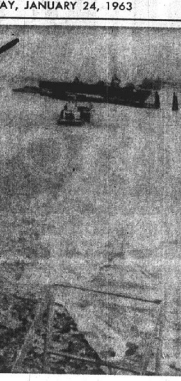

A bartender and two minors pleaded guilty to liquor violations Tuesday morning and their cases were taken under advisement by Police Magistrate Gary Vassiloff.

Nelson D. Christian, 19, of 2500 Denver street, pleaded guilty to a charge of illegal purchase of liquor. He was released on \$100 property bond.

Lois Dickerson, 18, of 1313 Nineteenth street, pleaded guilty to a charge of frequenting a tavern while a minor. She was released on \$50 property bond.

Chief Filips Complaints
Complaints were signed by Police Chief Raymond Willard. The offenses took place on Jan. 15.

Chief Willard has given data on the arrests and pleadings to Mayor Davis as liquor commissioner of the city. He said the mayor also has other reports concerning activities at the tavern in recent months.

Firemen saved furnishings and house burns to ground.

**Firemen Save
Furnishings; House
Burns To Ground**

Mitchell volunteer firemen, troubled with freezing hose lines and nozzles, were able to save most of the furnishings regularly in the clothing of the Charles Seay family yesterday, but the two-story house burned to the ground.

Fire Chief Lee Paul said the flames had spread between the walls of the 23-year-old house when firemen arrived and had gained too much headway. No one was hurt in the blaze.

Seay, his wife and two of his three children were able to get out when the fire started about 10:30 a.m. The third child was in school. None of the other farm buildings were damaged.

The house was insured by Wynn Realty Co., Alton was a total loss, and Chief Paul said the amount would be several thousands of dollars.

A fireman carried the Seay's stove, refrigerator and clothing outside. "And we were able to get the house out of the way," he said.

**Wife Injured In Fall,
Husband Hurt At Work**

Mrs. James Meyerhoff, 46, was injured Tuesday afternoon in a fall on the ice at her home at 1605 Courtenay blvd., and her husband was injured in a fall where she was rushing to her work.

Mrs. Meyerhoff is in fair condition. Her husband was injured in a fall where she was rushing to her work. He was treated for a back injury at the county dispensary, and is recuperating at home.

**GC Scholarship Foundation
Given \$400 By Dow Diamonds**

(Picture on Page 3)
The Granite City Scholarship Foundation was enriched Tuesday by the sum of \$400. A check for the amount was presented to Chairman Alton L. Jesse by the Dow Diamonds, a non-profit organization of 26 women employed by Dow Metal Products Co.

The money will be used to assist a Granite City high school graduate to go to college.

The check was presented at a dinner meeting of the Diamonds at Ralph & Charlie's restaurant in Madison.

Charity work is the main activity of the Diamonds. During the past year the women made a new set of cummerbunds and ties for the Coolidge junior high school Latin American gymnasium and for warmers for the women of the Madison county nursing home and the Madison nursing home and for the men nursing home and for the

girls of the Hoytson, Ill. Children's home.

The men of the nursing home were provided gifts of gum, candy and cigarettes. Several boxes of toys and clothing were sent to the boys of the Hoytson children's home.

In addition, the organization paid YMCA membership for a local needy boy and sent a boy from Hoytson home to summer camp.

The women raised funds by holding a rummage sale and candy sale and by serving food and baby sitting at a company open house. The fund-raising events were managed by Miss Eve Loman.

The speaker Tuesday was Mrs. A. F. Fuente of Granite City. Her topic was "Go for the Gold."

A nominating committee consisting of Mrs. Velma Ward, Mrs. Ann Wierck, Mrs. Linda Giger and Mrs. Kay Deering was appointed. The election of officers will be held in February.

(Pictures on Page 35)
A Madisonian moved his family into its new living quarters Monday, and already is trying to do something about his neighbors' several dozen inmates who have been occupying the county jail since the county jail was closed for the winter.

Sheriff Barney Fraundt hopes to reinstate the original place of custody, rather than a penal institution. He has enlisted the aid of the county judge, state's attorney, state magistrates and various businessmen, and is seeking public backing for the program.

Confinement in 5 1/2 x 7-foot steel cages has turned some prisoners into "mad dogs" and Sheriff says in explaining his stand.

Impressible youngsters dodged their first weeks and months have become here and there, but of Stan Musial or a nerve disorder in the lower back which causes him constant pain, according to information from New York.

**Units To Mark
Boy Scout Week
Here Feb. 7-13**

Boy Scout Week Feb. 7-13
looms large on the horizon for
cub packs, scout troops and ex-
plorer posts in the Quad-Cities
and throughout the Chicago
Council as preparations
reach the final stages.

The occasion will mark the
53rd anniversary of the Boy
Scouts. Activities will continue
throughout February, climaxed
by a "good turn" drive to aid
Goodwill Industries on March 9.
Other events will include pack
blue and gold banquets, troop
open house programs and ex-
plorer parents' night; unit "good
turns" for sponsoring institu-
tions; wearing of uniforms to
school Friday, Feb. 8; church
attendance by uniformed boys
and leaders Sunday, Feb. 10;
outdoor or window displays; and
participation in special district
activities during the month.

Dens, patrols and posts taking
part in any four major events
will qualify for Scout Week an-
niversary ribbons.

The Goodwill Project involves
distributing bags to homes of
scouts' friends and neighbors by
March 2. The following Satur-
day, March 9, contributions of
clothing and other discarded
items placed in the bags will be
collected by scout units.

Plans for February, which has
been designated as exploring
pledge month, were made Mon-
day night during a Uniwah or
Quad-City district explorer cabi-
net meeting at Granite City
Steel Co.

Upcoming activities will in-
clude a "Together We Organize"
dinner at 6:30 p.m. Tuesday, Jan.

district committee meeting,
7:30 p.m. Feb. 14 at Trust and
Savings Bank.

**5 Owe For Out-
Of-City Fire Runs
Made By GC Dept.**

Insurance firms are to be ad-
vised the city's plans to institute
a "get tough" policy toward non-
payment of the \$100 fee for the
fire department to answer an
alarm outside the city limits.

While the council voted down
a motion to halt firefighting
services outside the city limits,
it was decided to consider in-
structing insurance agencies that
reserve funds should be main-
tained in the event a householder
fails to pay the fee.

Alderman Ford Johnson, chair-
man of the Fire committee,
pointed out about five \$100 pay-
ments, due from November to
date, have not been paid, and in
some instances there have been
refusals to pay.

He pointed out that two pieces
of fire equipment and five fire-
men answer each alarm, entail-
ing an expense to the taxpayers
in the city.

"Also," he said, "we could have
a problem of a house in Granite
City burning down while the fire
department is on an alarm out-
side the city limits."

Alderman Donald Partney re-
marked, "I would hate to see us
refuse to go to a fire. Have the
city attorney notify the insur-
ance companies to pay us."

It was pointed out by Fire
Chief Elijah King that the city
has an agreement with Relfly
Tar & Chemical Corp., which is
outside the city limits, to han-
dle the firm's fires. "They have
an amount set aside and are un-
der contract. Maybe the same
arrangement can be made with
the insurance companies."

The attorney and Fire com-
mittee were instructed to study
the problem and submit a recom-
mendation to the council.

AFTERMATH OF A BURGLARY. Mrs. Steve Spach, 3209 Davis avenue, examines the freeter compartment of her refrigerator. Burglars pried open her back door Tuesday night and looted and ransacked the entire house. Stolen was a quantity of frozen meats, furs, jewelry and old coins.

THIS BEDROOM DRESSER WAS RANSACKED. Contents were thrown on the floor in the burglars' hasty search for valuables. Though jewelry was taken from the dresser, a bag of pennies was left untouched at the Spach home on Davis avenue.

BELONGINGS STREWN ABOUT. The thieves took a fur coat and fur stole from this room in the Spach home, which they left in a shambles.

FOUR WATCHES WERE TAKEN in the burglary but a fifth was left untouched on this table. Suitcases were taken from the closet in the background to carry loot away from the Spach home.

Approve Hiring Of 5 GC Teachers

Hiring of five teachers was approved Tuesday night by the Granite City school board. Elementary assignments for the spring semester were given to Miss Patricia Ann Mega, 2646 Lincoln avenue, SIU bachelor degree and a half-year of teaching experience; Mrs. Joyce Ann Shifter, Madison, bachelor degree from Omaha and three years of experience; and Mrs. Josephine Wagoner, Route Three, Edwardsville, SIU bachelor degree and six years.

Merlin Francis Robinson, Granite City, SIU bachelor de-

gree, who has been working for the Granite City park district and previously was on the YMCA staff, was named as Nieldringhaus school physical education teacher, replacing Ron Dillard, 2725 Sunset drive, who is leaving to enter business with his father-in-law. Miss Connie Lou Penberton, Eldorado, Ill., who is to graduate from college in June, was employed as an elementary teacher effective next September. Resignations were accepted from Dillard; Mrs. Yvonne Huff, 2828 Yale drive, Nansold fifth grade teacher; and Mrs. Mary Lou Hudson, 1700 Primrose avenue, Washington first grade teacher. Mrs. Martha Delevski, 2449

Furs, Jewelry Taken

Home Ransacked, Damaged, Looted By Burglars Tuesday

A theatre trip to St. Louis by four diamonds. Another was not yet paid for, Mrs. Spach said. Clothing and papers were strewn on the floor all over the house. However, a cloth bag containing a quantity of pennies was left untouched in a bedroom dresser. Included in the jewelry stolen was Spach's wedding ring and rhinestone articles belonging to Mrs. Spach. A neighbor, reported seeing an auto parked in front of the home about 8:30 p.m. The engine was running and there were two individuals in it. Recent Phone Calls Mrs. Spach said three telephone calls were made to the home recently, the last two on Tuesday nights. One neighbor received four calls and another one call, she said. The caller would hang up when the telephone was answered. Mrs. Spach believes the calls may have been made by the burglars, looking for a prospective home to loot. The burglary is being investigated by Granite City police.

48-Hour Mock Battle Cut To 27 By 10 Below Temp.

Ten below zero weather and brisk winds of 25 to 30 miles an hour resulted in quick halt to a two-day battle exercise for 100 Granite City Army Depot troops yesterday morning. However, the mock battle was not halted until after the soldiers had spent the night in "combat" and in puppets at "Sand City" southwest corner of the depot grounds. The maneuver had been scheduled for 48 hours, but was cut to 27 hours. The first alert went out at 4 a.m. with the 738th Engineer Co. setting up a supply point and successfully fighting off attackers. Blank ammunition, diluted tear gas and smoke pots were used to simulate combat conditions. The soldiers also successfully combated the elements, and not a single case of frostbite was reported.

Cox New President Of County Safety Council

Merrill Cox, safety director of Laclede Steel's Madison plant, was elected president of the Madison County Safety Council at its annual meeting in K. of C. Hall, Wood River, Tuesday evening. Elected vice-president was N. B. Baird of Shell Oil Co.; secretary, G. F. Rhine of Olin Mathieson; and treasurer, John Huff of Granite City Steel. American Oil Co. was host to the meeting; and Ray Jack, assistant manager of the Wood River plant, described the progress that has been made in the petroleum industry in reducing accidents by concerted research in the combinations of chemicals that produce explosions, as distinguished from those that detonate—an explosion lasting 1/25 of a second, a detonation 1/4000 of a second. M. B. Baird reported that Shell Oil Company's plant had just completed operating 1,000,000 man-hours without a lost-time injury to personnel. Olin Mathieson of A. C. Smith Corp., retiring president, inducted the new officers to their posts.

CYO Plans Dance At St. Joseph's Church

The Catholic Youth Organization will sponsor a dance Saturday at St. Joseph's Catholic Church, from 8 to 11 p.m. Refreshments will be served. Chairpersoning the event will be The Rev. David Munn, Mrs. Ann Scott, Mrs. Philomena Colligan, Mrs. Dorothy Petrillo and Mrs. Mary Yohly. A small admission will be charged, with proceeds to go to the CYO. It is possible to fulfill legal requirements to publish assessments on real estate by number and brief description for those townships which have assessment maps available. The remainder would be made as in the past, using the lengthy description. The assessments are to be published next summer, and the statutory rate per line is 20 cents for publication. Listings normally run from three lines to 10 or 15.

Bi-State May Act On Airport Plan At Meeting Today

Action on the proposed reactivation of Parks Metropolitan Airport at Cahokia may be taken at a meeting of the Bi-State Development Agency, in progress this afternoon in St. Louis.

"Routine" committee reports will be taken today, but Snyder said he had not been in contact with the chairman of a committee studying the proposal. "I don't know if he intends to bring it up at the meeting," Snyder said. "It is entirely possible."

C. M. Roos of Belleville, a member of the Bi-State board of commissioners and former acting chairman for several months, said earlier this week he sees no major drawbacks to planned reactivation of the Cahokia facility.

The proposal calls for Bi-State purchase of the airport and subsequent lease to the city of St. Louis. Property involved consists of the 500-acre airport and 300 acres of adjacent land.

A Bi-State committee has been discussing the project for several months with a commission representing St. Louis and the southwest Civic Memorial Airport Association. St. Louis has agreed to operate the airport only if it is free of property taxes and if the city has equity in the property equal to its investment in the event the project should fail.

Graham Awards Eagle Scout Badges To 22

A gathering of nearly 400 witnessed presentation of Eagle Scout awards to 22 members of the Carl Graham Eagle class Monday evening at Madison high school.

Graham, only living charter member of the Cahokia Mound Boy Scout Council, presented the badges to the boys, who in turn presented them to their mothers. The Eagle oath was administered by Rollin Henn, council commissioner.

G. H. Sternberg, council president, challenged the new Eagles to accept positions of leadership in their future lives and to live up to Eagle Scouts' high tradition.

Jack Friedman, council advancement chairman, served as master-of-ceremonies and chairman of the court of honor, with Paul Earnhart as clerk of the court. Dr. Stanley Maer, Univah district vice-chairman, welcomed the scouts, scouters, parents and general public.

Rev. Russell R. Oden, pastor of the Madison Methodist Church, offered the invocation. Terry Van, an Eagle representing Air Explorer Squadron Eight, led the pledge of allegiance to the flag. Jack Johnson provided organ music.

New Eagles of the Quad-Cities are Jim Fiedler, St. Joseph's Catholic Church Troop Seven, whose scoutmaster is Alex Kary; Ronnie McBride and Lawrence Hottel of St. Elizabeth Holy Name Society Post 41, whose leader is George Bugle.

Fiedler resides at 1627 Spruce street, McBride at 3800 Franklin avenue, Hottel at 2500 Lynch avenue and Moss at Box 370, Rural Route One.

STOP TOO DRY AIR

WHY NOT treat your family in the most salacious fashion when you could your cigars? Isn't the heat of your loved ones as important as the freshness of your smokes? Cigars of course, are kept properly moisturized in humidity-preserving humidifiers. Otherwise they'd crumble quickly into crumbing dust. But homes?

Kiln-dried wood is "killed" vegetable fibers. When its moisture is removed, it loses its natural elasticity. Kiln-drying has its purposes, but the wood is DEAD thereafter. The same thing happens to homes, and to PEOPLE, if proper humidity isn't maintained during the frosty months.

Residential heating "kills" moisture from the air and this moisture must be replaced.

Going through the motions without really humidifying — or feeding the air with excess humidity — are equally bad. It's important to raise the humidity to the amount (and no more) which inside air will carry and hold continuously. Dry air absorbs moisture wherever it can find it. Chief source of added moisture is home air is perspiration from human bodies. Consequence is drying and irritation of skin and respiratory membranes. Colds and sinus troubles result, and resistance to infections is lowered.

Johnson. One alderman was absent—Charles Meyer.

Mayor Davis added his "aye" vote.

The agreement with Chester Engineers, Inc., was the same as the proposal submitted by the firm to the city council. Alderman Vescei told the council. He said the Pittsburgh firm was given preference because of its 50 years experience in the field and its reputation.

Under the agreement, the fees for design, construction and supervision will be the same as those set by the Illinois Society of Professional Engineers.

Construction Supervision Fees
They are 12% for the first \$50,000 of the cost; 9% for the next \$100,000; 7.50% for the next \$150,000; 6.50% for the next \$200,000; 5.50% for the next \$250,000; 5.00% for the next \$300,000; 4.50% for the next \$350,000; 4.00% for the next \$400,000; 3.50% for the next \$450,000; 3.00% for the next \$500,000 and 5% for all over \$2,000,000.

The firm is to provide all design, specifications and cost estimates for a sewer treatment plant and pump stations as requested. It is to make surveys, meet with representatives of local health department officials and district engineers.

The design and estimates are to take into consideration three programs—treatment of all sewage, the treatment of all industrial cooling water and the treatment of all sewage with the exception of that from Granite City Steel Co.

The engineering firm is to recommend methods of financing and is to prepare financial data for the city's fiscal agent, as well as provide resident engineer services and legal services and office in the city hall.

Stephen Sebecsak, 34, Dies Of Kidney Ailment

Stephen Michael Sebecsak, 34, of 2862 Washington avenue, died at 12:55 a.m. yesterday at Barnes Hospital, St. Louis, of kidney ailment. He had been ill 10 days, and hospitalized during that time.

Born in Granite City, Mr. Sebecsak was a lifetime resident. He worked in the IBM department at Wohl Shoe Co., St. Louis, where he had been employed eight and half years.

Mr. Sebecsak was a member of Sacred Heart Catholic Church, and belonged to Lodge 408 of the St. Joseph Society and the First Catholic Slovak Union.

He was married and had a daughter, Kathleen Fay, aged five; four brothers, Joseph of Chicago and George of Belleville; two sisters, Mrs. Mike (Mary) Kriesel of Madison and Mrs. Harold (Ann) Summers of Granite City; and his mother, Mrs. Catherine Sebecsak of Granite City.

A brother, John, and his father, Andrew Sebecsak sr., preceded him in death.

Mr. Sebecsak and his wife made their home with her grandparents, Mr. and Mrs. George Meyer, at the Washington avenue address.

Funeral arrangements appear in the obituary column.

Baccalaureate Sunday, Graduation Monday

Members of the January 1963 class at Granite City high school will complete their school work at the secondary level with Baccalaureate vespers services at 8 p.m. Sunday and graduation exercises at 8 p.m. Monday. Both programs will take place in the GCHS auditorium.

The Baccalaureate will be conducted by Rev. Frank Pierce, Name-club Methodist Church, and George F. Brock, principal of first high school Aurora, and former Edwardsville high school principal, and prayers will be offered by Rev. William Cravens, Cedarview General Baptist Church. There are about 62 students in the class.

Panels Score Well In Government Quiz

Two two-member panels chosen at random from the audience will complete their school work at the secondary level with Baccalaureate vespers services at 8 p.m. Sunday and graduation exercises at 8 p.m. Monday. Both programs will take place in the GCHS auditorium.

The Baccalaureate will be conducted by Rev. Frank Pierce, Name-club Methodist Church, and George F. Brock, principal of first high school Aurora, and former Edwardsville high school principal, and prayers will be offered by Rev. William Cravens, Cedarview General Baptist Church. There are about 62 students in the class.

These were 197 reported offenses in 1962. Of these, 192 were criminal offenses and five were unfounded reports. Police cleared 61 by arrest; the remainder were cleared.

Arrests totaled 349. Of these, 302 adults were found guilty as charged and ten were found guilty of lesser offenses. Four were referred to juvenile court and three others either have cases still pending or were transferred to another jurisdiction.

James Gardner reported on the Granite City police department. Mrs. Sam Meyer and Mrs. Otto Grosse were hostesses.

'Will Be Stronger'—Schmitt

Warriors Set Sights On 6th Consecutive SWC Mat Crown Wrestle In Belleville Today

"Barring the unlikely, we should be stronger when the second semester begins," Granite City high school wrestling coach Bill "Red" Schmitt said today in discussing his team's chances of winning its sixth straight Southwestern Conference wrestling title.

The Warriors, who travel to Belleville this afternoon in search of their fifth straight SWC dual meet victory, will lose 135-pounder Joe Corder, a mid-term graduate, but gain Jim Sumner at 145 and Pat Causey at 154.

Causey is regaining his strength after a long bout with a virus, and Schmitt says Sumner is ready after being sidelined for over a month with a pulled chest ligament.

Saturday Afternoon Meet
Cider will wrestle for the last time in GCHS today on Saturday, when the Redmen play host to a strong Champaign contingent at 1 p.m. His varsity replacement afterwards could be Mike Moineau, currently a member of the Warrior jaycee contingent.

Granite City leads its closest conference competitors, East St. Louis, by two victories on the loss side, although the Flyers have won five dual meets, one more than the GCHS total. Schmitt's boys were 28-14 victors over the Flyers on last Jan. 11.

East St. Louis also will be hurt by mid-term graduation. The Flyers lose the district's outstanding 180-pounder, Bob Hill, via this route.

District Here Feb. 16
Looking ahead, Granite City is the site of an IHS district elimination on Saturday, Feb. 16. The Warriors are defending champions. Others entries will come from Edwardsville, Wood River, Bethalto, Roxana, Hillsboro and Western Military Academy of Alton.

Winners and runners-up, 24 wrestlers in all, will advance to the sectional tournament at Wood River on Feb. 22-23. Granite City is also the defending sectional champion, having won first place the past nine years in a row.

Winners and runners-up at Wood River will go on to Champaign and the state finals on March 1-2.

MacMillan 16-0
Chicago suburb Oaklawn Reas is the defending state champion. Reavis was beaten in a dual meet this year by Carl Sandburg, a school which was topped by the Warriors in the Pekin quadrangular tourney.

Granite City's only unbeaten varsity wrestler after 10 dual meets, the previously-mentioned quadrangular, and the GCHS invitational meet is 112-pounder Skip MacMillan, a conference

UNBEATEN in 16 individual bouts, 112-pound Skip MacMillan boasts the best record among Granite City high school wrestlers, who will go after their fifth straight conference victory this afternoon in Belleville.

and district champion at the same weight last season. Beaten only by Wauegan this far, Granite City follows up its home date with Champaign by traveling to O'Fallon Feb. 22, and then the all-important dual meet with the Flyers in East St. Louis the following evening, Jan. 30.

If the Redmen can get past Belleville today, they will be in excellent position to wrap up the conference title at East St. Louis.

Behind Miss Lipinski (from left) are Harry Briggs, owner of the Madison lanes; the first entry in the tourney, Mrs. Helen Kudelka; Miss Marilyn Champion, tourney chairman; and Willard "Buck" Portell, manager of the MBC lanes. The tourney will continue through Feb. 2. Bowlers may compete in their regular league play by making a contribution to March of Dimes campaign.

VENICE DISTRICT SITE
The host Warriors, Madison, Collinsville, Edwardsville, Alton, Wood River, Roxana and the Venice district eliminations have been assigned to the Granite City regional basketball tournament, scheduled Monday through Friday, March 4-8, according to the Illinois High School Association.

The IHSA says pairings and playing dates will be announced early in February for district and regional tournaments.

The district field at Venice will include the home court Red Devils, Lincoln of Venice, Marquette of Alton, Loyjoy of Brooklyn and Western Military Academy of Alton, necessitating three first-round byes.

The Venice meet is one of 44 district tournaments throughout the state for smaller schools. All are scheduled to begin the week of Feb. 25, with champions advancing to the first round of regional in their areas.

GC Winner To Wood River
The Granite City champion will advance to the Wood River sectional which begins March 13. The Wood River titlist in turn will go on to the Salem supersectional on March 19.

The state finalists will begin play in Champaign on March 22 with the title game on Saturday, March 23. The Decatur Reds are defending state champions.

Either fifth-ranked Collinsville or Edwardsville, No. 13 in the state polls this week, will fall here; perhaps both. Belleville again appears to have a smoother road, at least as far as the supersectional at West Frankfort.

The No. 1 Maroons are assigned to the comparatively weak East St. Louis regional (joining Cahokia, Cathedral, Mascoutah, East St. Louis, Lincoln of East St. Louis, Assumption and the Dupu district winners), and would advance to the Herrin sectional if they win at East St. Louis. At this advance date, only Cahokia appears to offer any sort of threat to Belleville on the regional level.

Centralia and Paris are two high-ranking squads, either of which could be the opponent for the winner of the Wood River sectional the following week at Salem.

The White Hall, Hillsboro and Greenville regional winners will join the Granite City champions in the sectional pairings at Wood River. The Wood River opponent at the Salem supersectional will be the survivor at West Frankfort.

Survivors of the seven supersectional games and the Chicago public league playoffs are expected to be the first teams which will play in state finals in the new, \$8.4 million University of Illinois assembly hall now near completion.

The saucer-shaped structure will seat 16,000 and 18,000 can be crammed in by using standing room and temporary seating facilities. The permanent seats are arranged in a circle around and above the sunken floor, and there are no inside supporting pillars, giving every spectator a clear view of action on the floor.

SIBPA Keglers Roll Split Session At Millstadt Saturday

A split shift is in order for Southwestern Illinois BPA Classic league shooters Saturday, with 7 and 9 p.m. sessions to be rolled at Millstadt Bowl.

The early session has Collinsville's Fairmont Bowl as the league leader with a 44-13 record, going against Shop City Bowl (25-32) of East St. Louis and runner-up Falstaff Beer of Alton Bowl Haven (32-24) paired with last-place Madison Bowling Club (15-42).

The late session features a match between Schiltz Beer of Granite City Bowl and Adams Gordon Realty of Centerville's Touchette Lanes, locked in a tie for third place with identical 30-27 records. Cahokia Bowl (22-35) and Millstadt Bowl (20-28) also roll at 9 o'clock.

Trojans Win 96-74 Shooting Watch From Tigers

Outgun Dupo To Keep MWC Slate Clean; Cahokia Next

Defense was out of style as the double-breasted suit at Dupo Tuesday night, where Madison's Trojans got the drop on Coach Paul Taylor's "running" runs and came away with a 96-74 Midwestern conference basketball decision.

Madison, now 6-0 in Midwestern games and headed for a Friday night MWC showdown with Cahokia, could not shake loose from the pesky Trojans until the fourth quarter. The Trojans sent home 30 points in the final eight minutes as they established a single point game scoring record for the season.

Other 1962-63 marks also fell by the wayside, as 46 fouls were whistled, 28 of them against Madison, and the Trojans launched 71 shots at the basket.

Bell Tolls 38. Cecil (Ding) Bell netted 38 points, a personal and team record for the campaign, and Dupo established a mark in losing by attempting 38 free throws. It was chiefly losses which kept the Trojans in the running. They converted 16 of 20 in the first half and were down by just nine points at intermission, 47-38.

Bruce Couine swapped the ball for an easy layup cut and the MHS lead to seven as the third period opened, but the Greenmen squarred with 10 straight points in two minutes for a 57-40 advantage. After that, it was just a matter of how high the score would soar.

Scoring averages also soared. Tai Plak contributed 17 points, and Gary Skinner 14 for Madison, while four Dupo players had 15 or better. Couine leading the losers with 26.

Madison shot 535 from the floor, thanks to a 15-for-18 first period, and Dupo 479, but the Trojans got off 23 fewer shots and finished with 15 fewer baskets. The Trojans were 26-for-47 from the free throw line.

Madison's Tom Labak, one of three Trojans who fouled out, contributed eight points and seven assists before departing. His defensive play stood out in a game which had a glaring lack of it by both clubs.

Madison took early command of the backboards and outboarded Dupo, 33-21. Bel-graham missed 11 shots in the first half while Bob Henson had nine rebounds for Dupo, which bested an MWC opponent for the first time in six games.

Cumulative Call Friday The 6-0 Trojans leave the conference race, could find their strawberries and cream turned to burnt toast here Friday night. A loss to Cahokia (2-0) would bounce Madison out of first place.

The Comanches were picked in pre-season polls as the team to end Madison's run, and they downed MHS in one previous meeting this season at the O'Fallon tourney. Sixty-two of the two clubs have a second conference game scheduled in Cahokia Feb. 19.

Tuesday's scoring: Madison—Bell 38, Fisk 17, Skinner 14, Labak 8, Hayes Wright 8, Clint Robinson 4, Gerald Moseley 3, John Summers 2, Dale Turner 2; Dupo—Couine 26, Gary Cook 15, Jim Kolowich 10, Bob Henson 15, Don Kussmaul 2, Terry Taylor 0, Gail Rhine 0.

Score by quarters: Madison 25, 22, 19, 96; Dupo 18, 20, 14, 74.

Coolidge JHS Downs Roxana Freshmen In Overtime, 72-69

Coolidge's Braves avenged an earlier 18-point loss to Roxana here Tuesday night by nipping the visiting ninth graders in an overtime period, 72-69.

The tight contest was tied 33-33 at halftime and 65-65 at the end of regulation play. The Braves scored a game-tying goal at the final buzzer. The Braves improved their Junior High conference mark to 3-4 with the win and now stand 5-5 overall, having won their last four games.

Larry Ripka, playing as both a guard and forward, led Coolidge with 31 points. He had 13 and Larry Wortham led 11th Lakin hit 22 for Roxana.

Roxana's eighth grade team, the preliminary game 41-34 after trailing by one point at halftime. Terry Moore scored 21 points for Coolidge, which will play Prather this afternoon.

Venice Adds To Aviston's Woes, 63-45; Plays St. Paul Saturday

Venice played "under wraps" and a small band of hardy spectators sat in wraps Tuesday night at the Reel Devils' school where the Reel Devils scored a 63-45 Madison-Clinton-Macopin win over the Eagles.

VHS Coach Bill Ohendorf bypassed his usual play patterns and used a different defense in an effort to confuse scouts from St. Paul of Highland, the next Venice opponent Saturday night.

And a heating plant breakdown left a small crowd shivering in the stands. Venice scorekeeper (and high school principal) Lewis Sabin worked wearily over his record.

Venice warmed to its task in the late going (after St. Paul scored half the game using a pressing defense to run up 22 points in the final quarter).

The Eagles, who are winless in six MCM games this season, were downed by just one point, 45-44.

The Devils, with a 4-2 record, maintained third place in the MCM standings. In the only

other MCM game Tuesday, Livingston edged past Breese, 68-65.

Devils Trail Early Aviston, the defending champion of Venice in the first quarter and stayed there until midway through the third period.

But Jerry Cicio, who banged in 24 points to raise his conference average to 18.8 per game, and Jim Hermann, who rimmed a season's high of 16 shot the Devils ahead at quarters end.

The Venice javees, with Mike Edwards scoring 15 points, freshman jump members played the second half and 15 boys seeing some action, defeated Aviston 44-36 in the preliminary game.

The varsity scoring: Venice—Cicco 24, Hermann 16, Paul St. 11, Ken McMullen 8, Pete Lelids 4, Don Agars 3, Aviston—Ken Strohler 17, Tom Von Hatten 11, Jim Netemeyer 6, Mike

Warriors At Crossroads In SWC: Maroons Here Friday

"Two losses will still be enough to tie...and maybe...win."

The predictor was Granite City basketball Coach Andy Sullivan, discussing the red-hot Southwestern Conference race with reporters immediately after the Devils' Hawks last week.

If Sullivan's prognostication is correct, the Warriors will come to the fork in the road tomorrow night when La-ranked Belleville takes the court here for its second SWC meeting with Granite City.

The Warriors have dropped one each to the Hawks and Maroons, and probably will find themselves among the also-rans unless they engineer an upset Friday.

12 Straight Wins Winners of 12 in a row, including title games at the Central and District tournaments, Belleville's only loss in 17 outings has been to Collinsville, 68-58, the evening following a 47-Maron win over Granite City at Belleville.

While Junior Dave Renn and senior Gary H. Bechtold have been getting the bigger share of press notices, the success of Coach Jerry Turner's halfback apparently lies in balance and consistency. Renn and Bechtold are averaging (in the SWC) 18.5 and 13.4 points, respectively.

Third high scorer is Jerry Lorett, averaging 10.7 per game, but important contributions have been made from game to game by Delia Gernman (8.2), Jay Westcott (7.6), Les Lund (5.4) and Roger Mueller (4.7). Gernman, especially, is a fine rebounder, although he stands only 6-0.

Bench Falls The Redmen, their war paint slightly smeared by two straight losses after a 9-3 record in earlier games, can look to a lapse in support from reserves in those last two games as one of the factors.

Granite City was looked upon as the club with the best bench strength in the district prior to losses against Freeburg and the Hawks.

Depending on Feb. (6-7) George Moore to do the lion's share of the scoring and rebounding, the Warriors could not cope with Collinsville, even with the Hawks playing well below par, when Moore had his first "off" night of the season last Friday.

Regulars Hit, Too And it was regulars who failed, to take up the slack when "Big George" slumped. Sullivan has promised some changes tonight, and GCHS fans will probably get their first look at Joe Hiles, the recent transfer from Collinsville who became eligible the night following the GCHS-Collinsville game.

Belleville cannot afford a slip tomorrow night, either. Tied with Collinsville (6-1) for first place in the SWC, the Maroons will be tackling an opponent rated tougher than the Hawks, the first look at Joe Hiles, the recent transfer from Collinsville who became eligible the night following the GCHS-Collinsville game.

The Warriors will follow up tomorrow night's game with a Saturday contest in Alton against a Redbird team which has dropped its last three conference games. Alton plays in Edwardsville Friday night and the seventh conference member, Wood River, has non-league date with McKinley of St. Louis.

Collinsville Webster Trims Chiefs, 66-50

Webster of Collinsville outpointed Prather 21-9 in the final quarter here Tuesday night when wrap up a 66-50 victory in a ninth grade Junior High conference basketball game.

The Chiefs were downed by three at halftime, and stayed within striking distance until the final four minutes. Jim Raine's 30-point effort was wasted by Prather, Chastain hit 29 for the Collinsville club, with Zeisel and Milburn adding 14 each.

Webster rolled to an 18-3 halftime lead in a preliminary eighth grade game and won easily, 39-19.

REMODELED OFFICE in the city garage, 19th and Benton streets, for Supt. of Streets William Warfield. The project cost \$1000 for paneling, floor tile and new ceiling.

City Bill List Totals \$10,414 For Two Weeks

A two-week bill list totaling \$10,414 was approved Monday night by Granite City council members, with the major expense item, the payment of \$3004 to Granite City Glass Co. for installation of new doors at three city hall entrances.

Also for construction, the city paid \$569 to Laclede Steel Co. for steel joist for the new dog pound building, \$1000 to Zim-lor Bros. for remodeling the city garage office of Supt. of Streets William Warfield and \$400 to Modern Painting Co. for interior painting at the street department garage.

The council did not call for bids for the garage office remodeling which included flooring, a new ceiling, paneling, doors, closets and a new front.

Warfield said he was told by city Atty. John Gitchoff the job could be handled without bids up to a cost of \$1500.

Among the other items on the bill was the city's closest on Christmas—\$150 paid to G. A. Levy & Co. for installation and removal of Christmas lights. The charge also is to include storage. Nelson Electrical Contracting Co. was paid \$38 to install Christmas tree lights on Dec. 10.

Final Payment For Pumper

The city also paid \$1144 to Trovers Fire Apparatus Co. as final settlement for the new fire pumper, \$77 to Tri-City Lumber Co. for ceiling tile, a door a lock and a pair of hinges for the civil defense building, \$15 to Belle-more Animal Hospital for nine days rabies observation for a cat suspected to have rabies, and \$465 to A. H. Seebold Co. for street work over a sewer line at Hill and Rogers avenues.

Allowances on the bill list included \$100 for CD Director Victor Koenig, \$30 for Alderman Edmund Bartosik, \$50 for Police Chief Raymond Willard to attend the Police Chief's Association convention at Springfield and \$480 to Clerk of the City Court Mrs. Helen Horman to go to Edwardsville to draw a petit jury.

Total cost for maintenance, fuel and parts for city equipment amounted to \$974 for the two-week period.

NFO Elects Officers At Meeting Monday

An election was conducted during Monday evening's meeting of the Madison County Unit, National Farm Organization, with James Horn of New Douglas being elected president.

District 24 Representative Edwin Wein of Edwardsville reported the NFO is making progress on bargaining for soy beans, livestock and milk and that every possible effort will be made to keep corn and soy beans off the open market.

"The bargaining prospects are improving," he said, "and NFO plans to press for a general price increase for corn to boost farm income."

Other officers named were Alvin Rosenthal of New Douglas, vice-president; Robert Rinkel of Edwardsville, secretary; Charles Penabacher of Highland, treasurer; Hilbert Klenke of Edwardsville, district representative.

Bargaining committees for meat, grain and milk also were named.

City Directories Of 64 Communities Available

The Tri-Cities Chamber of Commerce has brought up-to-date its free reference library of city directories after renewing its agreement with the publishers.

Directories have been received and made available for public use for 64 communities in Illinois, Missouri, Indiana and Iowa. For the first time, directories of Alton, East Alton and Wood River are included.

According to the agreement, the Chamber of Commerce receives directories that would cost \$100 if purchased privately. The cost is less than \$50, but the Chamber is obligated to keep them available for public use and provide a space for persons to work with them.

The directories contain alphabetical listings of business and professional concerns, a complete street guide including householders and occupants of office buildings and "business places," a classified business directory, a numerical telephone directory, and community information.

While the directories are available to individuals and business concerns, alike, the Chamber also maintains a telephone service and will answer any inquiries.

The directories maintained include those of Alton, Aurora, Canton, Belleville, Bloomington, Champaign and Urbana, Danville, DeKalb, East St. Louis, Elgin, Freeport, Galesburg, Jacksonville, Edwardsville, Joliet, Kankakee, LaSalle, Peru and Oglesby, Lincoln, Marion, Monmouth, Mount Vernon, Ottawa, Pekin, Kewanee, Peoria, Pontiac, Quincy, Rockford, Springfield, Sterling, Streator, Waukegan and North Chicago, the Tri-Cities and Wood River and East Alton, all of Illinois.

Also included are Burlington, Clinton, Davenport, Dubuque, Fort Madison, Keokuk and Muscatine, all of Iowa; Cape Girardeau, Carthage, Columbia, Hannibal, Independence, Joplin, Marshall, Poplar Bluff, St. Charles, Springfield, St. Joseph, St. Louis and Sedalia, all of Missouri; and Bloomington, Crawfordville, Farmington, Evansville, Lafayette, Terre Haute, Vincennes and Washington, all of Indiana.

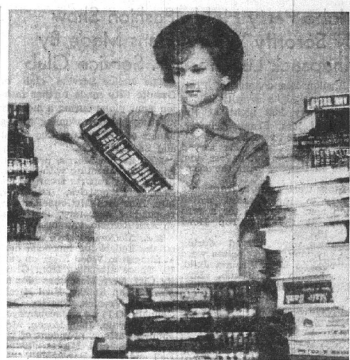

Knights Of Pythias Grand Lodge Installation Here

Installation of state officers for the Grand Lodge, Knights of Pythias, will take place here Saturday evening at St. Peter Evangelical & Reformed Church, 21st street and Cleveland blvd. Between 100 and 150 persons from all sections of the state are expected to attend.

Joseph Zimmer, prelate of local Cascade Lodge 922, is in charge of arrangements. He said the new grand chancellor to be installed, Edward H. Stewart Jr. of St. Louis, formerly was a member of the local lodge, as was his father.

His father, Edward H. Stewart Sr. of Florissant, Mo., will be an installing officer along with H. Schmidausen of Urbana and Dr. H. D. Danforth of Chicago Park.

Others to be installed are—William A. Sharp of Moline, Grand Vice Chancellor; Leslie L. Hurwitz of Berwyn, Grand

Street Crews Prepare Salt, Cinder Mixture

Granite City street crews this week were assigned mostly to snow and ice control work, spreading salt and cinders at intersections and checking equipment as well as doing miscellaneous work.

However, a crew of six men did cut trees on Tuesday, and illness cut the work force by three men yesterday and two men on Tuesday.

Thirteen men were on the ice and snow and the equipment check yesterday while six men mixed salt and cinders and did odd jobs on Tuesday.

Madison Mothers' Club Tours Tri-City Grocery Co.

A conducted tour of the Tri-City Grocery Co. facilities was made Tuesday by the Madison School Mothers' Club. Taking part were 22 members, including the president, Mrs. Bernadine Weidner.

They toured the bakery, warehouse and office machine sections at 16th and State streets, and also the Bellemore Village shopping center store where they were given a meal-cutting demonstration and refreshments were served.

Farm Column

By IRUMAN W. MAY
Madison County Farm Adviser

An interesting program has been prepared for the annual St. Clair-Madison-Monroe Vegetable Growers' Association school at the association hall near Caseyville Jan. 20 and 21. All commercial vegetable growers and interested home gardeners are invited, along with people connected with the vegetable industry.

The opening program on Wednesday morning, Jan. 20, starting at 9:30, will be devoted to horse radish production and marketing, including the results of the 1961 horse radish variety tests. Possible new crops for this area will also be discussed. The afternoon session will include talks on farm safety and the outlook for farm prices.

Horse radish growers will attend a dinner meeting at the hall on Wednesday evening, sponsored by the National Horse radish Processors' Association.

A report of the 1962 sweet corn variety trials will open the meeting Thursday morning, followed by talks on pesticides, air pollution and vegetable marketing.

Subjects at the closing session Thursday afternoon include discussion of soil tests and fertilizer recommendations and talks on insect control.

Most of the speakers are staff members of the College of Agriculture, University of Illinois. Printed programs will be mailed to vegetable growers and will also be available at the farm adviser's office.

Officers of the Association are: Robert C. Lobstein, president; Wm. Bruns, vice-president; Harley Willard, secretary and Clyde Weissert, treasurer. Directors are Martin Arth, Robert Fournier, Martin Julien, John Keller, Robert McMullin, George Powell and Martin Birk Jr.

Trees in a woodland demonstration plot on the Wm. Eaton farm in Hanel township were recently measured by T. W. Curran, University of Illinois forester. The plot is measured at five-year intervals to determine the timber growth and increase in value.

Illinois has been known as the Prairie State for so long that few people realize the great amount of forested land the state contains.

Forest resources occupy 11% of the state's total land area. That's nearly four million acres. If all the timber areas in the state were grouped together, they would cover 22 of the state's smallest counties.

Forests furnish many useful products. But, with proper handling, these timberlands, especially those located on farms, are capable of supplying a great deal more.

Right now is none too soon for farmers to order from state nurseries the trees they will need for 1963 conservation planting. Order blanks are available at the farm adviser's office.

Most of the legume and grass seeds commonly used here will be in short supply for the 1963 planting season. Farmers who are planning spring plantings should get their seed supplies early.

The 1962 alfalfa seed crop was estimated at 4% under the previous year's crop. This situation, augmented by a very dry year over, makes a total supply only a little greater than the amount used in the 1961-62 season. The seed supply of some varieties is very short. The '62 production of Buffalo, an excellent variety, was practically all planted in the late summer and fall of 1962. So seed for this spring's planting will be almost non-existent.

Fortunately, there's a fair supply of Cody, a variety very similar to Buffalo, which performs equally well under Illinois conditions. Cody is a selection of Buffalo that is resistant to spotted alfalfa aphid. In University trials it has performed as well as Buffalo, so consider it an excellent replacement for Buffalo.

Three Flemish-type alfalfas—DuPuits, Alfa and FD-100—are recommended for short rotations only, since they are susceptible to bacterial wilt. These varieties recover rapidly after cutting and yield exceptionally well. Seed supplies of all three are somewhat limited.

The '62 sweet clover seed crop was the smallest on record. Production of red clover was only a little lower in 1962 than in 1961, but the '61 crop was low compared with the average. So the total supply of red clover will be only a little larger than the expected use.

Both ladino and alsike clover seed supplies are probably adequate. Ladino makes excellent pasture for swine and may be used to good advantage for this purpose. But because it is drought susceptible, it should not replace all of the alfalfa in the pasture mixture.

It's about the same story with seed supplies of the grasses. Crops of timothy and brome were lower in 1962 than in 1961. In addition, harvest-time weather conditions last year were such that some of the crop is low in quality. The total supply of tall fescue is quite short.

The one bright spot in the grass picture is orchardgrass. The '62 crop was larger than the '61 harvest. Orchardgrass is in relatively good supply.

As a general rule, supplies of

Granite City PRESS-RECORD

Page 12 Thurs., Jan. 24, 1963

Legumes and grasses will be relatively light and prices will be strong. It may be necessary to substitute one alfalfa variety for another. In any case, shop for quality—high germination and freedom from weed seeds—in all crops, especially brome and timothy seed.

One of the highest awards in

4-H clubs is election to the Key Club. Outstanding records for several years are required for this honor. Two Madison county members of agricultural 4-H clubs were elected this year. They are Richard Gusewille of the Quercus Grove 4-H club and Charles Kanning, Bethalto 4-H club.

William Ambuehl of Saline township has enrolled his Holstein herd in the Dairy Herd Improvement Association for individual cow production and cost records.

Inadequate insulation and insufficient ventilation are probably the two main causes of condensation on the walls and ceilings of livestock buildings during the winter. Proper insulation maintains a warmer wall surface temperature and helps to control condensation. Evaluate the types of insulation carefully before selecting one

for your home or livestock building. Two inches of good batt insulation is equal to two and one-half inches of insulation board, about four times as effective as lining the inside wall with aluminum foil and more than five times as effective as a concrete block wall.

SKI, SLED, SKATE ACTIVITIES FOR CLUB

The second meeting of the Stitzmaek Ski and Skator club was held Monday in the home of club president, James W. Nickle, 2319 Waterman avenue, with the executive committee welcoming the guests and conducting swearing-in and initiation ceremonies.

The business session included presentation of new charter by the charter committee chairman, Swank. The club voted unanimously for immediate adoption.

The new vice-president, Paul Brawley, was appointed as chairman of promotion and publicity and Mrs. Gloria Zlatz as activities committee chairman.

A design consultant, Fred Waelz, presented several ideas for the club's patch. A design was selected and turned in to Miss Dotie Braunsdorf, club treasurer.

A discussion was held on a trip to the Chestnut Hills ski resort near the recent holidays, and a trip to the Four Lakes ski resort near Lyle, Ill., with the members of the Washington University Skiing club who have shown interest in winter sports for the first weekend in February.

Also recommended was a snow picnic due to the recent snow. Sledding and tobogganing were added to the weekly skating activities. It was reported that a corollary of members accompanied Miss Jean Lomberger to the ski slopes near Pacific, Mo. for an outing.

The meeting adjourned to the home of Miss Sonya Edva and Miss Betty Noller for refreshments. The next meeting will be in the Rathskeller of Miss Lomberger's home.

GIRL SCOUTS TAKE PART IN HIKE

Intermediate Girl Scout Troop 111 entertained Intermediate Girl Scout Troop 95 Monday at Nidringhaus Memorial Methodist Church, with Mrs. Bill Bolinger and Mrs. Pruitt in charge.

The meeting was opened with a flag ceremony, followed by playlets written and directed by scouts of Troop 111, as requirements for proficiency badges. Scouts taking part in the program were Lois Kueker, Paula Spahn, Sarah Gray, Carolyn Vawter, Cathy Zenik, Sherry Mansfield and Carol Atkinson.

Troop 95 guests included Elizabeth McDonald, Nancy Pruitt, Kathy Pierce, Sue Pruitt and Sheryl Shoemaker.

On Saturday, Troop 111 will make a five-mile hike to continue work started last year on the foot traveler badge.

COMMITTEE MEETS WITH NEW CUBMASTER

A committee meeting of Cub Pack 122 was held Monday at Wilson school with the new cubmaster, Gene Buzan, and committee chairman, John Hill, in charge.

Plans were discussed for the regular pack meeting on Monday, and a discussion was held on the blue and gold banquet in February.

Other members taking part included Mesdames June Weaver, Norma Burke, Roxie Tolbert, Doris Sanders, Floyd Pitchford, Ray Duke, Lawrence Aslin, Jack Melson, Charles Powers and Bert Ahrens.

HOME FROM VISIT

Mrs. Maude Beede, 2315 Nameoki road, returned with the weekend from a week's visit with her granddaughter and family.

Mr. and Mrs. B. W. Ahrens and children, Patricia, Michael, Nancy and Delma, 2836 Edgewood avenue, spent Sunday in Chester, Ill., visiting Ahrens' parents, Mr. and Mrs. Bert Ahrens, and Mrs. Lydia Immeaga, Ahrens' aunt.

It was announced that anyone interested in the club should contact Miss Lomberger, 1543 Third street, Madison.

Hearings Jan. 30 For Two In Car Theft Case

The hearing of Ronnie Lee May, 19, of 114 Garesche Homes, was continued Wednesday by Police Magistrate Gasparovic to Jan. 30 on a charge of criminal trespass to a motor vehicle. The theft of an auto occurred in Granite City early this month. He has entered a plea of not guilty.

Charged with him is James Sallee, 19, of 2020 Collinsville avenue, Cloutier, who was arrested Tuesday. Sallee pleaded not guilty and was released on \$500 property bond. His hearing also will be Jan. 30.

Police said May was apprehended in Madison with the stolen vehicle in his possession. Subsequent investigation resulted in Sallee being charged also.

ICE PILES UP (right) at the ice-encrusted upstream lift gates at the Chain of Rocks canal locks, Lockmaster Roy Elliott said the downstream gates are being opened frequently to permit ice flows to flow through. In several places in the canal, ice has piled up two and three feet high. Generally, it is three to four inches thick.

Peace Corps Placement Tests in Area Saturday

A new battery of Peace Corps placement tests will be given throughout the nation Saturday, Jan. 26, at 8:30 a.m. Nearest of the 823 testing centers will be Room 414, Federal Building 750 Missouri avenue, East St. Louis.

Those who take the tests will be considered for new Peace Corps projects in Latin America, Africa, the Far East, Near East and South Asia. Peace Corps opportunities cover hundreds of fields of jobs, most of them in the fields of education, agricultural, health, construction and community development.

Applicants must be U. S. citizens at least 18 years old. There is no upper age limit. Married couples without dependent children may apply if both qualify for Peace Corps service. Interested persons who have not yet filled out a Peace Corps questionnaire may take the tests on a space-available basis and complete the questionnaire afterward.

oki and Niedringhaus school centers tonight have been canceled due to the student school holiday, park district Supt. Harold Brown said today.

MANY TIMES, FOR WANT OF A SPICE, THE RECIPE WAS NEVER USED

Christopher Columbus thought that by sailing west he could find the Spice Islands in the far East. In 1492, spices were worth more than gold, and frequently used as currency. In modern days, they are precious, too.

How many times have you read an enticing recipe in some cook book, magazine, or newspaper which listed an odd spice not on your pantry shelf? You probably forgot about it, figuring it would never be found at the nearby store.

Several years ago, we decided to have an outstanding stock of spices, knowing how much this service means to the modern homemaker surrounded by a wide variety of exotic recipes. In our regular spices section, we've 78 kinds, plus 43 items on our Gourmet shelf. Browse thru, you'll see such delightful names as Dutch Poppy Seed, Spanish Saffron, Seafood Bouquet, etc. Yes, bring us your spice problems, we'll rarely miss having what you need.

BASKET DINNER PLANNED AT CHURCH

A basket dinner will be held next Sunday at the Cayuga Temple, 2601 Cayuga street, immediately following the regular morning service.

The pastor, Rev. G. D. Miller, and the congregation are inviting the public to bring their dinners and join with them in the event.

At 2:30 p.m. Sunday, a joint baptismal service will be held at the church with the Trinity Pentecostal Church of God from East St. Louis.

Rev. C. L. Gerald, pastor of the East St. Louis church, will assist Rev. Miller in the service.

PLAN MEETING
BANQUET FOR PACK

The executive committee of Cub Pack 19 met at the home of Mr. and Mrs. Ray Cundiff, 2709 Cayuga street, Tuesday evening. The group planned the agenda for the January pack meeting and also discussed plans for the blue and gold banquet to be held Feb. 23.

Refreshments were served at the close of the meeting to Mr. and Mrs. Joe Blason, Mrs. Jewell Weaver, James Richardson, Victor Kelton and George Birdsong.

ADULT DISCUSSION SERIES BEGINS

A Fraternity of Christian Doctrine adult discussion club met at the home of Miss Theresa Kraus, 1651 Poplar street, Tuesday evening, with six persons present. This group will meet each Tuesday evening for the next eight weeks.

The topic to be discussed is "Love in Catholic Living." Anyone desiring to attend the meetings may telephone Miss Kraus.

DEN MOTHERS MEET

Den mothers of Cub Pack 19 held their monthly meeting Monday morning at the home of Mrs. Laverne Blason, 2018 Bryan avenue.

Plans for the January pack meeting and the blue and gold banquet, which will be held in February, were discussed.

Mrs. James Richardson, whose husband is the new Webelos leader for the pack, met with the group for the first time.

Others present were Mesdames Rena Birdsong, Betty Hoots and Vivian Cundiff. The hostess served refreshments at the close of the meeting.

NEW FACULTY MEMBERS

New teachers have been employed on the staff at Washington school for the second semester of the school year.

Fire Ruins Frame Madison Home, Family Escapes

Fire attributed to an overheated stove completely gutted a four-room one-story frame home at 820 Webster street, West Madison, at 1:10 a.m. yesterday.

It was owned by Sidney Seals and occupied by Mrs. Jessie Hanson and her six children. The Hanson family escaped injury.

Madison firemen, who remained at the scene until 3:30 a.m. in four-below-zero temperatures, said the dwelling was engulfed in flames when they were called. Wind would have threatened other buildings, except for the corner location, they reported. A damage estimate has not yet been made.

At 6:25 p.m. Tuesday, the Madison department extinguished a fire in a house at 1725 Fifth street. A furnace had become overheated and sustained \$25 damage.

It was not necessary to send fire trucks to 1518 Twelfth street, where a fire had become overheated at 8:55 a.m. Wednesday, or to 819 West Washington street, where steam from a hot water tank had appeared to be smoking at 9:10 a.m. Wednesday.

Madison police and firemen are conferring today with a state fire marshal on a blaze which damaged a two-story dwelling at 1343 Madison avenue Sunday.

Hearings Set For Feb. 6 For Two Charged Here

Hearings for Robert Bordoni, 20, of Collinsville, and Robert Baker, 32, of 2828 Forest avenue, were rescheduled Wednesday by Police Magistrate Gasparovic for Feb. 6. The two are accused of damaging vending machines at a Washington avenue laundromat in an attempt to rifle the coin boxes.

Both have pleaded not guilty and are free on bond. They are charged with criminal destruction of property.

Ice Causes Collision

Icy pavement was blamed for a collision yesterday afternoon on Fourth street in Madison in which the auto of Spencer F. Titchenal, 61, of East St. Louis struck the rear of the auto of Dorothy M. Hinson, 35, of 1530 Third street, Madison.

would cost \$254,849 this year and \$385,599 next year for total extra costs of \$640,448 during the two years.

The board's last announced offer was \$22 monthly this year and \$14 next year. Present pay ranges from \$522 to \$833.

The letter from Cruse follows: "I have come to my attention that in the present negotiations between the school board and the teachers' union, reference has been made to a letter sent by me to the board with regards to the possible decrease in the assessed valuation after the revaluation in 1963.

"In regards to this matter, you know that 1963 is the year for the revaluation of all property in Madison county. From all the data and information received in my office, the local market value on certain classes of residential properties in Granite City township has dropped approximately 20% since the last revaluation in 1958.

"Since the market value is the base on which the assessed valuation is figured, this drop in market value will no doubt be reflected in a drop in the total assessed valuation of Granite City township.

"Of course, new construction being added to the tax rolls each year can help to offset some of the drop.

"Since Granite City township is only a part of school district No. 9, perhaps substantial building being constructed outside of the township, but within the school district, will help to offset somewhat the overall drop in the total assessed valuation for the complete school district."

Partial text of Dally's statement follows:

"At the board meeting of Nov. 13, the board offered the teachers \$200 for the years 1962 and 1963 and \$100 for 1963-1964 with an additional \$100 for teachers with 25 years or more experience. At the negotiating session held in conjunction with such proposal, the teachers' committee advised us that they were not interested in the \$100 for teachers having 25 years or more experience, and this matter was summarily dropped in accordance with their stated position.

"By letter dated Nov. 16, the teachers rejected the proposal of the board and submitted a counter-proposal of \$400 for the present year and \$300 for next year.

"It is well to note that at no time since the teachers' meeting of school in September have the teachers ever requested fringe benefits other than those worked out in the working agreement.

Reports Hearing Rumor

"At the negotiating meeting of Nov. 16, I specifically stated to the Salary and Policy Committee that I had heard a rumor that as soon as the salary could be worked out, that the teachers would then ask for fringe benefits, and told them that as far as I was concerned I wanted everything on the table at that time, so that we could have an over-all picture of the situation in order that the board might be able properly to review the budget and determine what could be done.

"I was specifically told at that meeting that the committee was no longer interested in fringe benefits, that they had been dropped, and that they were interested only in money for salaries, and that when this could be agreed upon that they would conclude negotiations completely.

"The board continued their offer at their meeting of Nov. 27, including the extra \$100 for teachers with 25 years or more experience.

Sought Across-The-Board

"On Dec. 6, the APT rejected the board's offer of Nov. 27 and stated that the teachers were not interested in money for part of them, such as teachers with 25 years or more experience, and they re-submitted their proposal of Nov. 16.

"On Dec. 11, in an effort to dispose of this matter prior to the Christmas holidays, the board reviewed the entire situation. Feeling that they had gone as far as they could go, taking into consideration availability of funds, going areas, uncertainty of income due to assessed valuations, and other aspects thereof, the board submitted what was termed a final offer of \$200 for 1962-1963 and \$125 for 1963-1964, this again being in accordance with the teachers' request that it be an across-the-board raise.

"On Dec. 14, the APT tentatively rejected this offer until final acceptance or rejection by the body, expressing their feeling that the board and its negotiating team have not been in good faith.

"I am not aware whether this matter was communicated to the teachers prior to the recess for the Christmas holidays, although several days of school were had after this meeting.

Question of Good Faith

"There is a serious question as to whether the negotiating team of the APT was at this time in good faith because no concerted effort was made by them to give the teachers as a body the right or privilege to accept or

reject this offer prior to the end of the calendar year.

"Apparently this offer was presented to the teachers as a body on Jan. 2, 1963, and the negotiating team requested further negotiations.

The board on Jan. 8 advised them that the board negotiating team was available to meet with them at any time to discuss their problems, and on Jan. 11 a negotiating meeting was held where the teachers proposed \$200 for 1962-1963 and \$125 for 1963-1964, and for the first time, despite their comments that they were not interested in fringe benefits, asked for extended hospitalization insurance for all teachers.

Revised Requests

"Summarizing, this means that the teachers originally asked for salaries and fringe benefits until the commencement of summer vacation, and then changed to a request for a complete statement in writing of exactly what the teachers propose should be submitted. This should include not only their understanding of the working agreement, but everything that they would expect to be in any written contract with their local.

"Many long hours have been put in by the members of the board, Dr. Kaiser and myself, as well as others, and every effort has been made to meet the teachers as speedily as possible in order to accommodate the teachers' negotiating team, yet the APT infers that delays have been caused by the board.

"This chronology of events will indicate that any prolonged delays in negotiations have not been due to any actions of the board of education or its negotiating team," the attorney concluded.

Views Of Teacher Group

Local 743 publicly issued Tuesday night "a teachers' manifesto" headed, "Dare the teachers ask for justice?" It follows:

"Most authorities on education agree that robots would make poor teachers, but teachers are not robots, and a continuing education, but not so the teacher.

"Eric Gill, the English essayist, defined a teacher as a special kind of artist. He is an artist who works with stone, but with human potentialities.

Many Gifted Kept Away

"Surely there is no more important occupation to the world. Yet, low salaries keep many of our country's most gifted students out of teaching careers.

Many dedicated teachers, willing to sacrifice to guide the young in the intellectual life, finally realize that the public mustn't want good teachers anyway, since they are not willing to pay them, and through economic strain leave for industry.

"The teacher's chief difficulty is poverty," said Gilbert Highet in "The Art of Teaching."

"Jacques Barzun, in commenting on the low pay of teachers in his book, 'Teacher in America,' wrote: 'This beautifully takes care of the dilemma, as old as man has a moral right to sell the Greek Sophists, whether a knowledge rather than give it away. The American teacher unquestionably gives it away, while managing somehow to live on the bonus which a grateful society offers him for giving it away in one place rather than another.'

Pay Raise Is Merited

"The teachers of Granite City do not beg for a raise in salary now because they need more books, better clothes, or opportunity for recreation; they ask it because they know they earn it, and that they have an inherent right to what they earn.

"Housewives can well appreciate that keeping 30 to 40 children in order is no mean accomplishment, and that the rudiments of knowledge is an even greater task.

"For the past ten months the teachers, represented by the Granite City Teachers' Federation of Teachers, Local No. 743, have been in good faith attempting to negotiate with the Granite City school board.

"According to Webster's New Collegiate Dictionary, means to hold intercourse with a view of coming to terms. Intercourse is an essential part of negotiation, yet the school board has refused to allow even one official meeting with the federation's Salary and Policy Committee. Is it too much to ask that teachers be given at least the same rights to terms over salary?

Economic Tyranny

"In this age when we associate tyranny with a past time or some other society, one should investigate the local scene. Teachers find themselves in a situation bordering on the ridiculous, if the implications were not so grave.

The very ones who are to teach the high ideals of democracy and a free society find themselves in an economic and occupational strait-jacket.

"James Abram Garfield, in his address to Williams College alumni in 1871, mentioning the

No Madison-Venice Filing

value of a true teacher, stated: 'Simple men a log hut, with only a simple bench. Mark Hopkins on one end and I on the other, and you may have all the buildings, apparatus and libraries without him.'

The only criterion of a good school system is the high qualifications of the individual teachers. Without the teachers, the school becomes a mere complex of buildings and supplies.

Teachers cannot continue to develop intellectually on this air. This takes money. We ask you, the public, to take an interest in achieving nothing but the best for our children, the future citizens of America. We cannot afford not to."

Liberal Reward Offered For Return Of Money

A liberal reward is being offered for the return of \$387 lost Tuesday morning by a 19-year-old girl on the way to the bank to make a deposit for a friend.

The loss is not covered by insurance. The girl accepted the money from a friend who owns a small store in Granite City. She was to deposit the money at the Granite City Trust & Savings bank.

On the way to the bank, she stopped at another store to make a purchase. She missed the money when she got out of her auto at the bank. There were checks for \$27. The rest was in cash.

The girl reported the loss to the Granite City police, then retraced her route. At the time she made the report she did not know the correct amount and reported the loss at \$250-\$300.

340 To Attend Girls' Athletic Award Banquet

About 340 are expected to attend the annual Girls' Athletic Association mother-daughter and award banquet at 615 1/2 night in the Granite City high school cafeteria. Included will be Prather and Coolidge ninth grade GAA members, the high school members and their mothers.

Graduating students' farewell will be expressed by Gloria Ray, GCHS GAA President Charlotte Criggen will give the welcoming talk and Vice-President Sally Baumbarger will conduct the program. Speakers will include Mary Jane Hagler, Coolidge president, and Nancy McKinnon, Prather president.

Miss Barbara Kerch, director of elementary physical education and girls' junior high and high school physical education, will present participation awards to GAA members.

'Miss Jr. Achievement' Coronation Is Friday

"Miss Junior Achievement of 1963" will be crowned tomorrow night in ceremonies at the Khorassan room of the Chase hotel in St. Louis.

One of the candidates is Miss Mickey Hoy, daughter of Mr. and Mrs. Clarence Hoy of 2309 Lynch avenue and a representative of the Granite City Junior Achievement center, where she is a member of the "Power Teens" student corporation.

The Valedictorian queen, Miss Diane Desloge, will crown the JA queen in ceremonies beginning about 9 p.m. Over 1200 Junior Achievers from nine centers are expected to attend the 15th annual coronation.

Intramural awards will be announced and the program will conclude with initiation of 114 new GAA members in a candle-light ceremony.

The house was located on the east side of Route 111, a short distance south of the new Interstate Route 70 overpass. Long Lake volunteers also responded to the alarm.

HOME NOTES

MRS. ELAINE F. WENDLER, Madison County Home Adviser, Home Economics Extension, University of Illinois.

"Obese" persons may not like it, but pigs are being used at the Colorado State University College of Veterinary Medicine to stimulate people. The purpose is to study the relationship of cholesterol and fatty proteins which have a connection with atherosclerosis. The pig was chosen primarily because it becomes obese (just plain fat); it is omnivorous (likes to lie around); it is omnivorous (has an excellent appetite for everything on the menu); and it spontaneously develops atherosclerosis (excess fat in the walls of the arteries).

Better Cotton Picking
You may soon be able to get springier, longer lasting cotton

padding in fine upholstered furniture, mattresses and automobile seats. Scientists of the U. S. Department of Agriculture have learned that chemically treating cotton padding improves its resilience, which makes it better able to recover from pressure and retain its springiness longer.

The treated padding can be molded into any desired shape, giving smoother, better finish to upholstered furniture. Engineers and chemists of USDA's Agricultural Research Service—Working with industry—are testing batting material made of 60% cotton lint and 40% textile waste.

Reports Circuit Clerk Office Earnings Up

Willard J. Portell, Madison county circuit clerk, said yesterday his office earned more in excess fees and interest during the two-year period ended last Nov. 30 than during the previous four-year period.

Portell said figures just supplied to him by John L. Krupnik, county auditor, showed \$26,046 in excess fees during the two-year period and an additional \$654 earned as interest on invested funds.

Total earnings over expenses of the office during the four years ended Nov. 3, 1960 amounted to \$26,389, Portell said.

GIRL SCOUTS MEET AT ST. MARK'S
Intermediate Girl Scout Troop 161 met Monday afternoon at St. Mark's school with the leader, Mrs. Margaret Lee. The girls sang some of the songs they had learned at day camp, and Patrol Three presented a play for second-class rank.

The girls working on first-class rank were at the home of Mrs. William Burgen, where they are preparing dolls for children at St. Elizabeth Hospital. Patrol Two completed work on the homemaking badge.

The girls elected Mary Ann Fields as scribe. Others present were Margie Scaturro, Sharon Mauer, Margie McGarran, Julia Meehan, Jean Sveia, Margaret Wilkinson, Kathy Pace, Kathy Daniels, Linda Levy, Sharon Parker, Diane Mangi, Donna Kallagrou, Linda Sveia, Linda Davinoy, Joan Dunkel, Rosemary Daniels, Marilyn Casuso, Mary Catherine Miller, Mary Francis Luthers, Eugene, Sheila Simmons, Mary Alice Munkin and Ruth Welch.

FRIENDLY NEIGHBORS MEET AT COCKRILL HOME
Mrs. Hazel Cockrill was hostess for a meeting of the Friendly Neighbors club, held Monday evening in her home on Weber street. The evening was spent at games, and prizes were awarded to Mrs. Betty Wallace, Mrs. Marcella Boushard, Mrs. Delores Sitton and Mrs. Jane Ireland.

The birthday of Mrs. Wallace and Mrs. Vela Sitton were observed and they received gifts from their secret pals. A decorated birthday cake centered the refreshment table.

The hostess served a luncheon to the above and Mrs. Mary Ann Bunk of Madison, Mrs. Phyllis Johnson of Granite City, Mrs. Shirley Foote and Mrs. Alfreda May, both of Venice. The next meeting will be held at the home of Mrs. Delores Sitton.

Intermediate Girl Scout Troop 826 met Monday evening in the student lounge of Venice high school with the leader, Mrs. Mary Massman. A new co-leader, Mrs. Zelma Hart, was introduced.

The meeting was opened with the pledge of allegiance and the Girl Scout promise. Reports were given and games were led by Judy Johnson.

Others present were Sue Schenille, Sue Sherry, Barbara Blatner, Linda Presswood, Karen Dewany, Brenda Long and Charlotte Taylor. The meeting was closed with "Taps" and the Girl Scout Squeeze.

Chair Catches Fire
A cigarette was blamed by firemen for causing \$30 damage to a platform rocking chair at the home of Oscar Loyet, 2405 Iowa street, on Wednesday. Firemen responded to the alarm about 6:35 p.m.

JANUARY MEETING OF LADIES' ORGANIZATION
The Madison Ladies City Organization met Monday evening at the Sportsman's club with the president, Mrs. Sally Bosworth, presiding.

Mrs. Barbara Gusheloff was a guest for the evening and has been invited to become a member of the organization.

A social period followed the business session, with lunch served by the hostesses, Mrs. Helen Geroff, Mrs. Margaret Mitchell and Mrs. Geneva Blumstock.

Members seated were Mrs. Bernadine Burgen, Mrs. Mary Maera, Mrs. Hazel Elinson, Mrs. Marie Stawar, Mrs. Mary Hlava, Mrs. Julia Volokoi, Mrs. Ellen Balczak, Mrs. Mary Bridick, Mrs. Jessie Henderson, Mrs. Elsie Bergrath, Mrs. Ida Dant, Mrs. Josephine Knezevich, Mrs. Mary Jo Burns, Mrs. Sally Maera, Mrs. Helen Knezevich, Mrs. Maxine Costoff, Mrs. Norma Skoldo, Mrs. Kay Mullen and Mrs. Sarah Dutko.

The next meeting is scheduled for Feb. 18, at which time Mrs. Nellie Gnojewski, Mrs. Veronica Kula and Mrs. Shirley Dutko will be the hostesses.

REBEKAH PLAN INSTRUCTION SCHOOL
Delray Rebeah Lodge 786 met Tuesday evening at the Odd Fellows hall in Madison with Mrs. June Mowery, noble grand, presiding.

A committee consisting of Mrs. Mowery, Mrs. Norma Gull and Mrs. Ellen Wimberly is to visit the Madison Nursing Home on Feb. 7. Ice cream is served by the lodge members to the residents.

A school of instruction will be held Feb. 12 at the hall, with deputy Mary Mortenson as instructor. It was announced that four members of the lodge, Mrs. Chloe Maxon, Mrs. Dorothy Gregory, Mrs. Donna Bone and Miss Margaret Brown, are students in St. Elizabeth Hospital.

Sixteen members responded to roll call.

HOSTESS TO CANASTA CLUB
Mrs. Sandra Pumphreys was hostess to the Canasta club in her home, 700 Third street, Venice, Tuesday evening.

Mrs. Mildred Burgess, a former club member, was a guest for the evening.

Mrs. Billie Bosworth held high score for the games played, with Mrs. Merle Grotz having a low score. Others playing were Mrs. Annie Laura Platt, Mrs. Delores Rhoads, Mrs. Mattie Bosworth, Mrs. Bernice Gusheloff, Mrs. Sally Bosworth, Mrs. Rae Miller and the hostess.

Mrs. Miller has invited the club members to her home, 2513 Jordan avenue, for the next meeting, to be held Feb. 19.

Pizza and salad were served as a part of the lunch served at a late hour.

STUDENT COUNCIL TO HOST BELLEVILLE GROUP
Forty students of the Madison junior high school, accompanied by Mrs. Paul Connole and Mrs. Charles Goff, attended a concert at Kell Auditorium in St. Louis Tuesday afternoon.

This evening, the student council of the Madison school will entertain members of the West Belleville junior high school student council at a social gathering at the school.

Cub scouts of Den Three of St. Mary's Pack 47 met Monday evening in the home of Mrs. Anthony Ratkewicz, 1608 Fifth street.

The meeting opened with the pledge to the flag by Tom Friend, and the boys worked on scoutcraft. There were physical fitness stunts during the game period, and Den Chief Arthur Ratkewicz read Lincoln's Gettysburg address, which was followed by an open discussion.

Stanley Lapinski had the club address, which was followed by a refreshment. Refreshments were furnished by Mrs. Wendell McIlvay.

Martin Jennings, Once Of Venice, Dies At 81

Martin M. Jennings, 81, a former Venice resident who had lived at Springfield for 30 years, died at 3 p.m. yesterday at a Springfield nursing home.

Survivors include three sisters, Mrs. Margaret Miller and Mrs. Sarah Hankins of Granite City and Mrs. Beas Stoll of Venice, five nieces and five nephews.

He has been returned here for funeral services and burial arrangements for which are given in the obituary column.

Arsen Alleged In Fire Damaging Local Auto

A 1956 auto reported stolen in Venice Jan. 14 and found after the same night at Columbia Bottoms road and Strodtmann road, St. Louis county, apparently was damaged by arson. Venice authorities learned this week. A quarter-full two-gallon can containing gasoline was found under the back seat.

Federal agents are investigating. The entire interior of the two-door hardtop was destroyed and windows were broken out. The blaze was fought by Spanish Lake firemen, who said no one was near the car when they arrived. The car is owned by Mrs. Virginia Branch, 2625 Lincoln avenue.

NOW YOU CAN TAKE YOUR INCOME TAX REFUND IN U.S. SAVINGS BONDS

For the first time, you can take your income tax refund in Series B United States Savings Bonds. All you have to do is check a box on your 1962 tax return. This is an easy convenient way to hold on to money you have already saved. You won't get any cash which you'd be tempted to spend. Your refund comes as Bonds which will return you 4 dollars for every \$3 at maturity. Tens of millions of Americans build their financial strength through U.S. Savings Bonds. And their strength is the strength of the nation—so important in these crucial times to us and to those people everywhere. If you have a refund coming on your '62 tax, think it over before deciding how to take it. And when you decide to take it in Savings Bonds, see if you don't feel pretty good about it.

The 1962 Tax Return gives you a choice of taking your refund in cash or U.S. Savings Bonds. Full details are in the instruction form.

Keep freedom in your future with U.S. SAVINGS BONDS

The U.S. Government does not use for its borrowing. The Treasury Department doesn't. The Advertising Council and the Savings Bonds Campaign don't.

**INSTANT
GROCERY MONEY BOOK**

HERE'S HOW IT WORKS — If you should run short of cash, we have arranged with Gateway Finance Co. for qualified customers to obtain a \$50 book of certificates that can be spent in our store.

Once you have been certified by Gateway, all you do is sign for your certificate book and agree to pay Gateway \$51 within 30 days.

Since each certificate book contains \$1 in money saving coupons besides the \$50 in certificates this means that you get \$51 in buying power in our store and pay Gateway \$51 at the end of 30 days — so — it really doesn't cost anything to obtain this credit.

Should you need a second book before the 30 days are up, this can be arranged also.

HOW TO GET YOUR "INSTANT GROCERY MONEY BOOK"

If you wish to purchase a book for cash simply see Leo, Avery or Stan.

If you wish to purchase a book on the 30 day plan, fill out the application at Schermer Bros., and leave it at our store. Once you have been certified by Gateway, you merely sign for succeeding books as you need them.

Old Shawneetown

John W. Allen
Southern Illinois University

"Old" Shawneetown on the Ohio is difficult to find. It is a ghost town, a place where only the foundations of buildings remain.

The older of these is the Marshall residence, built against the hillside just below the place where Illinois Highway 13 once ended in the main street of the town. The dwelling, built by Marshall, is a two-story, brick house, built in 1850.

The second surviving structure is the State Bank building, one of the old buildings of the state highway. This building is the one with five large Doric columns, considered by some as the finest of its type in America. Time has taken all the other buildings that were now in place.

Shawnee Indian Campsite

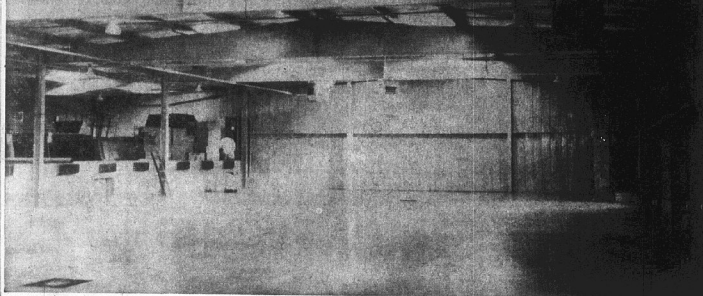

At that, Shawneetown was no small village when the residents of the town and the Shawnee Indians had accumulated some interesting bits of history. When English-speaking settlers first reached the locality they found a camp of Shawnee Indians already there.

A trading post where the Indians could barter their furs for the pots, blankets, powder, lead, knives, axes, trinkets, firearms and fire-water of the whites was soon in operation. In 1803 Mitchell Sprinkle, a skilled gunsmith came, saw the need for his craft, and set up shop. A gunsmith was a valuable and necessary asset.

Immigrants from the south found Shawneetown a convenient place to cross the Ohio. A number of trails and traces were exposed leading toward the north and northwest. Some of these later became noted roadways. Settlers near Eminence were brought to the river for shipment. Merchandise to be hauled by river. Almost without realizing it, Shawneetown was becoming important.

Merchandising Center
Long before the coming of the railroad it had become the most important merchandising center in Illinois. Merchants from literally hundreds of primitive stores came here to buy their goods and haul them away by wagon.

Hundreds of settlers crossed at the Shawnee ferry to settle in the back country. As farming progressed in importance, farmers brought their grain, livestock and tobacco to the river for shipment on steamers or flatboats. Some of the tobacco was "pressed" in immense hogsheads (barrels) that are said to have

SPACIOUSNESS OF VENICE GARAGE is apparent in this view of a 50x102-foot section, where six street department trucks, a grader, a tractor and mowing equipment will be parked and maintained. An electrician is shown

been rolled as far as 40 miles along the roadways to reach the river. Meat packing plants were set up and livestock from 50 miles or more was driven to them for slaughter. With all this business the town naturally took on its financial importance, so much so that it could somewhat justify its claim as the financial capital of the state.

Distinctions came in other ways. The second newspaper of the state was established here. Able men came to live here or to practice their trades and professions. Among the names of such men are those of Hargrave, Rawlings, Hall, Eddy, Marshall, McClelland, Street, Wilson, Logan, and Ingersoll. General Posey, high favorite of George Washington, died here while visiting with his sons and is buried in the cemetery on the hilltop that overlooks the town. Other graveyards there carry other names significant in regional history.

Visited By LaFayette
An aging LaFayette stopped to receive an ovation when he revisited America. Lincoln came to practice law in the court at Shawneetown. Mark Twain stopped at Dockers' Riverside Hotel, where he met an archer named Thomas Sawyer Spivey, a part of whose name became the title for Twain's classic, "Tom Sawyer." Steamboats whose names are great in river lore called at the landing. Sturdy showboats stopped to offer entertainment. The floating circus and menageries scheduled stops on their trips up and down river. Immigrant ships floated by, carrying thousands toward new homes in the West.

All the while floods kept com-

pleting wiring of the newly-erected city building. McKinley Bridge allocations to the city were used to finance the \$75,000 project. The former garage is expected to be torn down.

STORAGE AREA 20 feet in width runs alongside the garage area of the new Venice street department building on Klein street. It is shown being inspected by Street Supt. Fred Griffin, standing in front of a wall of the office. A tool crib, general storage space and shower room are included in the 70x102-foot structure.

Value Of People-To-
People Contact Cited
Increased contact between citizens of different nations was urged Tuesday in an address by the Granite City Rotary club by Omer Guler, a Turkish exchange student majoring in political science at Northwestern Illinois University. A Laclede Steel Co. employee, he is fencing instructor at the YMCA.

Discussing the student exchange system, Guler cited it as one of the avenues through which contrasting cultures can be studied. The gap between differing nationalities is large but can be bridged with determined effort because all people are the same fundamentally and have similar goals, he commented.

Increased understanding is possible only through greater knowledge of foreign people, the speaker said. He related his impressions of the U. S. Christ Pashoff served as program chairman, and Gerald Broadway presided.

A birthday cake was served to mark the 52nd anniversary of the Rotarian magazine, and Rev. Alfred Buis played a recording relating to the Rotarian. The club approved contributions of \$156 toward purchase of a physical education mat and \$27 for clothing given a school pupil.

Madison Rotarians Plan Valentine Party
Plans for a St. Valentine's party Feb. 20 at Skaggs' restaurant, Wood River, were made by Madison Rotarians yesterday. The planning committee consists of Harry Thebeau, Wayne Scanell and Anthony Zedolek.

"Weekend at Sea," a color motion picture of the maiden voyage of the S. S. France in February 1962, was shown by Richard Burgess, manager of the French Line speakers' bureau, and Otto Balderioff, St. Louis general agent of the steamship line. The 105-foot luxury liner, which crosses the Atlantic in four-and-a-half days, is the longest in the world. Fred Schmidt was program chairman and Alex Schenckhoff presided.

GCIS LATIN STUDENTS examine a display case of ancient hand forged Roman iron nails which have been purchased by the Latin Club. On exhibit in a trophy case at the school, the nails have attracted a great deal of attention among both students and faculty. Examining the display are, from the left, Susan Powers, Jackie Holman and Vicki Fricker.

Venice Student Red Cross Plans Lua Dance Sat.

By Michael Lopez
A "Hawaiian Lua Dance" will be held in the Venice high school gymnasium Friday night, sponsored by the VHS Red Cross chapter.

The gymnasium will be decorated in a Hawaiian theme for the event, which is scheduled for 7:30 p.m. Students will be presented with island leis as they enter.

Refreshments of punch and a cookies will be served, according to plans discussed by the Red Cross members at a meeting Tuesday.

An admission of 35 cents single or 50 cents for a couple will be charged, with a reduction on presentation of high school Red Cross membership cards.

All proceeds of the dance will be contributed to the Tri-City chapter of the American Red Cross.

Recommended dress for the evening includes "loud" shirts for the boys and mul-mus or school wear for the girls.

VHS STUDENT COUNCIL members are making plans for Student Council Week Feb. 18-22. President Jim Kutz announced today. The council has been asked to handle decorations for a Venice Women's Club dance Feb. 14 as well as the Crippled Children's Organization Ball Saturday night.

TWO NEW FACULTY members at Venice high school began their duties this week, with the beginning of the second semester. They are Miss Violet Podnar in the business education department and Mrs. Norma Holcamp in the English department. Mrs. Barbara Williams, who previously taught business education, has assumed the post of school librarian.

Roman Nails, 2000 Years Old, Pride Of Latin Club

Members of the Granite City Latin Club have received five iron nails so valued under six feet of earth. They have been placed in the school trophy case for display.

Why? Because, these nails were hand forged and hammered by a Roman smith about two thousand years ago. Varying in length from two to eight inches, they are similar to those used in the Crucifixion.

An archeologist unearthed two tons of the nails last year on the site of an ancient Roman camp at Inthulth, Scotland. At the time they were uncovered, many of the nails were still bright and shiny and appeared no more than 30 years old.

After studying the ruins, authorities believe the Romans were forced to remove their troops from the Scottish camp in haste, and had to abandon a baggage wagon loaded with iron nails.

To keep them from falling into the hands of the enemy, who

Information is now available on the several annual high school communications workshop to be given on the Southern Illinois University campus at Carbondale July 7-Aug. 3.

Training will be offered in five fields—journalism, photography, radio-television, speech and theater. Marian Nelson of the SIU journalism department is workshop coordinator.

Outstanding prep students who will be juniors or seniors in September are eligible to participate in the workshops. Costs include room and board in campus residence halls under the supervision of university counselors.

Nelson said, workshops last summer were attended by 100 students from Illinois, Missouri, Virginia, Texas, California, Arkansas and Florida. This year's attendance is expected to be increased to 125.

Students wanting further information are asked to write Nelson for a free brochure giving full details.

ENGINEERING MAJOR James Curtis, 2523 Circle drive, is attending the Missouri School of Mines and Metallurgy, Rolla, as a mechanical engineering major. He is a 1962 graduate of GCIS.

Steve Purkapple Heads MHS Club

By Diana Fox
Steve Purkapple was named chief operator by members of the Madison High School Audio Visual Club in an election of officers last week.

Others elected were Linda Blumenstock, first assistant; Diana Fox, second assistant; Joyce Parsley, third assistant; and Jo Elaine Planitz, secretary.

The club is under the faculty sponsorship of Mr. John Naglich.

MHS FRENCH CLUB members were shown slides of Europe Monday by a faculty member, Mr. Wayne Carlisle, who made the pictures on a trip there. Club pins were received by French II members, Miss Jean Bethel is sponsor of the club.

GROVE PICTURES for the Madison high school yearbook were taken Tuesday and yesterday along with pictures of the underclassmen. The yearbook staff, under the direction of Mr. Lee Ashby, is now working toward advanced deadlines.

A pre-entrance examination will be given Saturday, Feb. 9, by the St. Joseph's Hospital school of nursing, Alton. Details are available from high school guidance counselors or from the school, 915 East Fifth street, Alton.

At ILLINOIS STATE, Adele M. Koch, a 1962 graduate of Granite City high school, is attending Illinois State Normal University, Normal where she is an elementary education major. An honor student at GCIS, Miss Koch is attending college on a state scholarship. Her home is at 2625 Grand.

Lopez, Koelker Multiple Award Winners

Venice high school seniors Michael Lopez and Virginia Koelker have been honored by upperclass students and faculty members at their school as multiple award winners in outstanding student selections.

Miss Koelker, who reigns as the current "Miss Venetian," was named this year's DAR award winner by members of the faculty. Her classmates, meanwhile, chose her "most popular senior girl and the girl with the best all-around personality."

Lopez, who is the YOUTH FOCUS correspondent for Venice high school, was selected by the upperclassmen as "best senior citizen" and "most likely to succeed" among the male students.

The annual DAR award received by Miss Koelker is based on character, personality, patriotism and service. Three candidates for the award were named by senior class members, with final selection made by members of the faculty.

The upperclass personalities announced this week were chosen through junior and senior class members' votes. The winners, along with the DAR award winner and the 1963 valedictorian and salutatorian, will be pictured on a

Granite Cityans Named To Boys' Town Board

Two Granite Cityans have been elected to serve one-year terms on the board of directors of Boys' Town of Illinois, it was announced today.

Earl Lee, assistant administrator of Granite City schools, was elected for the first time. John Solenberger, executive director of the United Fund, was re-elected for a third term.

There are 26 directors. Boys' Town is a temporary home for boys from broken homes, who have no homes, or are in the opinion of the court in need of institutional care. It is located at Graton.

The election was held at the annual meeting in Alton.

Shrine Club Bids \$1 For Old GC Fire Pumper

A \$1 bid from the Tri-City Shrine Club for the city's 36-year-old No. Two fire pumper was referred to the Fire and Water committee Monday night by Granite City council members.

The pumper is a "twin" to one sold several years ago to the club which remodeled the vehicle slightly for use in parades and at conventions to advertise the presence of the Tri-Cities contingent.

The offer was made by the club through its secretary, Louis Spohr, 22 Miami court.

The council committee, headed by Ford Johnson, is to determine if the old pumper, which was replaced earlier this month by a new pumper, is to be sold to the club or if bids are to be sought.

SIU To 'Bug' Geese To Learn Behavior, Habits

Hunters who complain they can't get on the same wave length with the wild Canada Goose might take a tip next fall from a Southern Illinois University researcher.

The National Science Foundation has just approved a \$27,000 grant to Willard Klimstra for a study of goose behavior, coming and goings, by means of tiny radio transmitters. Klimstra will

on their flight activities and behavior at the Crab Orchard Refuge wintering grounds.

Klimstra, director of SIU's Cooperative Wildlife Research Laboratory, will be assisted by Dennis Raveling, an SIU graduate who is now studying for a master's degree at the University of Minnesota. He will return to SIU, Carbondale, next fall as a doctoral degree student, specializing in the goose-radio study.

Weights 30 Grams

Klimstra said Raveling is testing out radio equipment designed for the geese—each one's transmitter will broadcast on a different wavelength—Klimstra and his workers will be able to spot check and track specific geese for studies of movement, dispersal, survival and the effects of hunting pressure, food supply, weather, age and other factors

Although miniaturized radio transmitting equipment has been used on ruffed grouse, porcupines and other mammals, Klimstra says SIU's will be the first attempt at plugging in on the autumnal wanderings of the Canada Goose. Dr. William Bridges of the University of Minnesota has been a leader in wild life radio tracking.

"We'll have a complete book on the sex and age of each bird we equip, so the data will be very specific," Klimstra says. "The technique isn't going to be a final answer for waterfowl field studies, but it is certainly an advance over anything else to date."

Klimstra already has his own graduate students working on refinement of the refinement—ultra-tiny transmitters for field broadcasts by homing white quail.

General Fund

City Expenditures \$98,055 For Month; Income—\$15,648

Granite City's general fund, disbursements of \$98,055 in December were six times greater than the \$15,648 income, according to the monthly financial report submitted to Council Monday night.

The city report, which covers eight months operation in the current fiscal year, listed a Dec. 31 balance of \$323,234 in the 16 general fund accounts. With four months remaining, the balance would permit average expenditures of \$80,750 a month.

Eight-month disbursements totaled \$786,273, with two of the general fund accounts showing deficits on Dec. 31. Several others had small balances for the remaining four months of the fiscal year.

With the presentation of the report, Finance Committee Chairman Walter Nunn said he had conferred with Comptroller John Doobier and learned the city could end the year April 30 "in the black" if expenditures are held down. He urged council members to confer with the controller before proceeding with any large expenditures.

General Fund Breakdown

The breakdown of the general fund accounts, showing eight-month disbursements and Dec. 31 balances or deficits, follows (deficits are indicated):

- Fire department, \$175,969 and \$336,836; water, \$120,246 and \$713,979; street department, \$118,774 and \$57,284; street lighting, \$1,388 and \$47,839; pumping station, \$19,51 and \$73,86; general government, \$65,343 and \$37,801; city hall, \$20,548 and \$6,595; and police department, \$124,669 and \$7,022.

Two Special Dances Saturday For Drives

Special dances for the New March of Dimes campaign are scheduled at the American Legion Hall in Venice and Moose Lodge in Granite City on Saturday.

The Venice dance is being given by the Venice Crippled Children's organization.

At the Moose Lodge, 19th and State streets, where Edward Chastain is general chairman, all proceeds will go to the New March of Dimes. The \$1 tickets are available from members of the lodge. Venice dance tickets are 50 cents.

Chastain said the lodge members are continuing their annual custom of sponsoring a polo dance to honor the 25 years of fighting disease by the National Foundation—now the March of Dimes.

"You can dance to aid crippled children to walk," Chastain said.

Heart Patient Needs Type O-Negative Blood

An appeal for type O-negative blood was made today for a Granite City woman who is to undergo heart surgery. Mrs. Gladys Courtway, 2809 Buxton avenue, is in need of 12 donors. Six already have been procured. The woman is to undergo surgery at Jewish Hospital, St. Louis, about Feb. 1. The blood is needed by Jan. 28.

Mrs. Courtway, 53, underwent heart surgery about four years ago but has been suffering again from her heart condition for the past two years. She has been in and out of the hospital several times for treatment.

The family will provide transportation of the donors. Those offering blood are asked to volunteer by Saturday, if possible. Arrangements may be made by telephoning Mrs. John H. Williams, 2911 Myrtle avenue, the daughter of the patient, at TR 6-6208 or the patient's husband, Emmett Courtway, at TR 6-8337.

Railroads To Be Notified To Clear Crossings Promptly

Frequent delays of vehicular traffic at railroad crossings in Granite City were discussed by Granite City council members Monday night. A decision was made to notify railroads and industries of time restrictions.

The limit was not agreed upon, but City Atty. John Gilchoff was assigned the task of sending out the notices and checking statutes on the time restrictions. Mentioned were five, 10 and 15 minutes. Gilchoff said he would have to look it up.

Alderman Mrs. Gabrielle Betinec said she had been besieged with complaints, and she pointed out the recent delay of an ambulance taking a stricken construction worker from Union March & Refining Co. to the hospital. The ambulance was delayed at the rail crossing and the man was dead upon arrival at the local hospital.

Gilchoff also was asked if railroads had been advised to repair their crossings. He said he had not yet been able to take any action and would do it as soon as he could.

A complaint also was made concerning a pile of stone at Namoki Concrete Products Co. on Braden avenue. Alderman Donald Partney pointed out the pile could be declared a nuisance and suggested immediate action. The original complaint was by Alderman Frank Vesel, who questioned compliance with the non-conformance section of the city zoning code.

Atty. Gilchoff said he was "re-searching" the complaint. Another complaint resulted in approval of a motion requiring

East St. Louis & Interurban Water Co. to make application for every street excavation with exception of emergency work arising when the city clerk is not available. The complaint was made by Alderman Walter Norn, who said he stopped water company workmen with a threat of arrest if they proceeded to cut a hole in recently resurfaced Cayuga street to remove an obsolete connection.

A request was made for a fire hydrant to be considered on Charles street and for bids to be sought for two filing cabinets for the police magistrate office.

MFT Funds To Be Sought To Remove Madison Ave. Rails

Motor fuel tax funds are to be sought for the removal of old trolley tracks along Madison avenue from 14th street (the city limits) to 19th street. The city engineer was authorized Monday night by council members to prepare a resolution to be submitted to the state highway department.

The city recently received a settlement of \$30,000 from Illinois Terminal Railroad Co. for the track removal, a job which was estimated at \$18,000 for all rails throughout the city. However, council members have indicated they plan to use the \$30,000, now in a special street fund, for other purposes, such as right-of-way acquisition where needed along non-arterial streets.

The proposal for Madison avenue was made by Street Committee Chairman Estill Von Schmitt, who pointed out the hazardous conditions created by the rails and numerous accidents resulting from them.

Other MFT Funds Sought
A resolution calling for \$30,000 motor fuel tax funds to improve Olive street from St. Louis to Chicago streets and Chestnut street from Niedringhaus avenue to St. Louis street was approved. It is to be submitted to the state highway department for acceptance.

In addition, a resolution was adopted asking the state to designate the section of Chestnut street as an arterial thoroughfare.

It was pointed out by Alderman Walter Norn that the 34-foot pavement, with curbs will be needed to handle Granite City Army Depot traffic when the new riverfront highway is located along the depot. However, plans for Federal Route 151 call for a proper intersection at the Niedringhaus avenue entrance to the depot.

State Ok's \$40,000
The state highway department advised the city it has approved the request for \$40,000 for improvements to sections of Cottage, Lindell, Garfield and Clark avenues off Nameoki road.

The request was made Dec. 17 for 400-foot sections of the four streets to be paved and curbed immediately east of Nameoki road.

A. W. Pearson of the city engineering staff reported final plans for improvement to West 22nd street and to Leyden avenue have been forwarded to the state for approval.

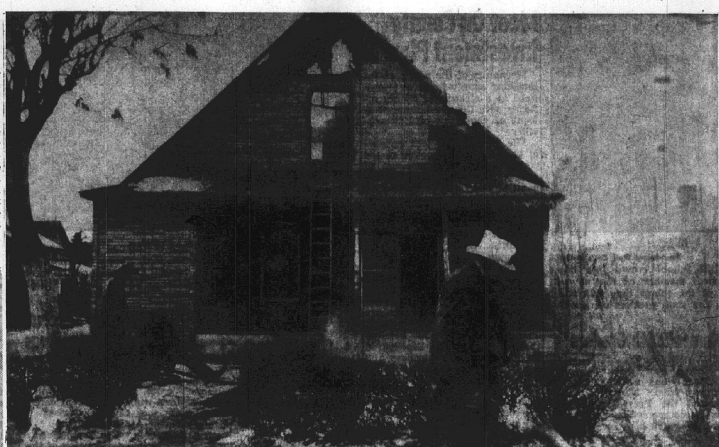

West 22nd street is to be surfaced and curbed from Rock road to Leyden avenue, and the Leyden avenue improvement is to extend from West 22nd to Cayuga street.

State Sues To Recover Taxes From Firms Here

Two Quad-City firms are among 22 Madison county persons against whom suits have been filed in circuit court at Edwardsville by the Illinois Department of Revenue. The suits are to recover retail and service occupation taxes from business firms.

Named as defendants were Orville Perentina, 2830 Buxton avenue, doing business as Tina's cafe, \$563; and William Spencer, 207 Terry street, Madison, doing business as the Wagon Wheel, \$584.

Defendants have 30 days to reply to summonses before trial dates will be set.

Meet On County Investment Plan

Mechanics of the new plan for investing county funds were outlined at a meeting of county officials with Leo Dastmann, president of the Bank of Edwardsville.

The meeting followed approval at the Jan. 18 meeting of the county board of supervisors of a resolution authorizing investment of idle funds in short-term securities. The amount is about \$800,000.

Attending the meeting were members of the board's finance committee, County Auditor John L. Kraynak, County Clerk Eulaile Hotz, Treasurer George Musso and Mrs. Edna Bell, chief clerk in the treasurer's office.

Dastmann told the officials his bank will make the investments without cost to the county. Transactions will be handled through the National Stockyards Bank, which will purchase the securities through brokers.

The Stockyards bank will bill the Edwardsville bank, Dastmann said, which in turn will charge the county. At the end of the 90-day period, the county may either renew the investments or cash them.

The transaction will be kept separately, with interest credited to the county fund from which the investment was made. Securities will be left at the Stockyards bank, relieving the county of title.

Musso disagreed with the resolution passed by the board, which authorized the county auditor to make monthly recommendations concerning funds available for 90-day investment.

The board then will authorize investment by the treasurer. Musso said as treasurer it is his responsibility to handle county funds, and that he, not the auditor, should make final recommendations concerning investments. Kraynak agreed and said he will provide Musso with figures on the various funds and the treasurer may then recommend investments to the board.

Collision On Madison At 16th Street

An auto collision occurred about 3 p.m. Monday at Madison avenue and 16th street. Police said Donald E. Gray, 31 of Rural Route 10, was driving west on 16th street and going onto Madison, his auto rolled over with a northbound auto driven by Donald M. Daly, 35 of Collinsville.

Pellets Break Glass

Six pellets, believed to have been fired from an air gun, were shot through the window of McCarthy Grocery, 2365 St. Louis avenue, it was reported to police Monday.

NAVAL AVIATOR'S WINGS are pinned on Ensign Donald H. Wells of Venice by Capt. P. J. Knapp in ceremonies at the Corpus Christi, Tex., Naval Air Station. The ceremonies marked successful completion of the 18-month flight training program.

Safety Study To Be Made On E. 20th St.

Further study is to be given safety precautions which may be taken along East 20th street where about 2000 employees of Granite City Steel Co. cross the busy, four-lane thoroughfare daily.

Authorization was given Monday night by city council members for Mayor Davis to arrange a meeting of state highway officials, city officials and the safety committee of the plan and Steelworkers' unions.

The decision was made after the state highway department notification was read denying a reduction to 20 miles an hour from the present 30 mph speed limit.

The meeting was suggested by district officers of the highway department to determine if suitable precautions can be arranged along the street.

Alderman Emil Von Schmitt stressed the city has no control over the speed limit on 20th street since it is a state highway and carries U. S. Highway 67A. He suggested the police department might patrol the street more frequently. "Trucks often go faster than autos," Schmitt commented.

Wm. Worthen Enlists In Air Force

William W. Worthen, 18 son of Mr. and Mrs. Walter E. Worthen, 2448 Edison avenue, recently enlisted in the U.S. Air Force and was sent to Lackland Air Force Base, Tex. Local recruiter, S/Sgt. Duwayne Damsel, said Airman Worthen, who will take basic training at the base, is a 1962 graduate of Granite City high school.

GC Alderman Seeks Street Light In Front Of His Home

A bit of humor was injected in Granite City's council session Monday night by Sixth Ward Alderman Samuel Shackelford.

When Alderman Steve Basarich, chairman, said he had no report for the Street Light committee, Shackelford asked about it in his ward.

"Where?" Basarich asked. Shackelford replied in the 2800 block of Palmer avenue.

"Do you have permission from the property owners?" Basarich continued.

"I believe I have talked to them," Shackelford added with a grin.

"Where is the location?" Basarich asked.

"It's in front of 2914 Palmer," Shackelford said.

"Who lives there?" was the next question.

"That's your house," Basarich commented, said he had no report for the Street Light committee.

Shackelford's other request was for a light in front of 3245 Westchester drive. He said he had permission from adjacent property owners for a power line and pole.

Basarich said he would have a resolution prepared for the next meeting.

City Proposes 35-Foot No-Parking Zone

An ordinance to establish a 35-foot no-parking zone on the east side of Washington avenue at 20th street is to be prepared. It was approved last Monday night by Granite City council members.

Although Alderman Ed Bartosik pointed out the city has prohibited parking within 20 feet of a corner.

"I don't see the need to establish a larger zone for a shoe repair shop when there is a vacant lot which is rented out by the owner for all-day parking," Bartosik said.

The request was made by Street Committee Chairman Emil Von Schmitt, who said difficulties are encountered when vehicles turn off wider 20th street onto narrow Washington avenue.

Washington avenue at that point is restricted to one-way, northbound traffic. Schmitt said the difficulty results from parking on both sides of the street up to the intersection.

AWOL Soldier Arrested

Granite City police and military police arrested Pvt. Billy Dale Hoggatt Monday at 931 North Broadway avenue. He was AWOL from the Granite City Army Depot and was turned over to Army authorities, police said.

Rule Natural Causes In Aaron Davis Death

The death of Aaron E. Davis, 59, of East St. Louis was due to natural causes, probably a coronary occlusion, a coroner's jury determined Monday night. An inquest was conducted by Deputy Coroner Henry Pieper.

Davis, an employee of G. H. Sternberg & Co., was dead on arrival at St. Elizabeth Hospital Jan. 14 after he was suddenly stricken at work on a construction project at Union Star & Refining Co.

You'll make the wisest choice no matter which Chevrolet you choose!

These four different cars are alike in one important way. Each is a product of Chevrolet Division of General Motors. So each will give you more performance, beauty, comfort and good news at trade-in. But each is tailored to a certain kind of buyer. Our big Chevrolet has the Jet-smooth ride, luxury and styling you'd

expect only in costly cars. Chevy II features parkable size, perky performance and outstanding fuel economy. Corvair gives you rear engine maneuverability and sports car flair. The new Corvette Sting Ray can best be described as dramatic. With a choice of 33 models, there's one Chevrolet that will suit you best.

MAKING WEDDING PLANS?

CALL LAZENBY, TR. 6-9778

TELEPHONE TALK

by Paul Stout, Mgr., Granite City, Illinois

SUDDENLY IT'S 1963

Do you ever get the feeling the years are going by faster than they used to? Does it seem to you that someone has been tampering with the calendar and short-changing us a few months?

Seems as if I'd hardly become acquainted with 1962 when this trashy new stranger—1963—came barging in. Personally, I'll miss 1962. It was a good year.

I'm sure in time I'll get to know 1963 and like it just fine. A new year, like a new pair of shoes, takes some getting used to.

LOOKING BACK

In the telephone business, there's not much time for looking back. There's too much ahead.

Still, since 1962 is barely behind us, I'd like to tell you about a few highlights of the old year as I saw them from my job with Southwestern Bell.

The most spectacular telephone news in 1962 was—you guessed it—Telstar, the world's first active communications satellite. If ever there was a doubt about which nation leads the world in modern communications—Telstar settled the issue with a bang.

Not all telephone progress in 1962 was dramatic. Many unspectacular—but vitally important—advances were made in providing you with better service. Right here in Illinois for instance, the Southwestern Bell made several improvements.

We worked hard on strengthening the Long Distance network by placing telephone cables underground and using more microwave radio relay. Underground cables and microwave relays help us beat the weather by providing insurance against breaks, leaks and other malfunctions. They also let us do away with miles of poles and open wire.

Another project was our cable pressurization program. Dry air is pumped through telephone cables and helps keep moisture out. If a cable develops a leak, thanks to this pressurization, trouble is usually spotted and fixed before it affects your service.

Another big improvement in 1962 was the addition of many tiny voice amplifiers to our telephone lines. Whether "voice boosters" put new pep in your phone. Whether your telephone across town or across the state, your voice comes through clear and strong.

In Granite City, telephone progress was made in 1962 with the addition of 100 telephones. This means you can now reach more people with your telephone—making your service that much more valuable to you.

ONE LAST THOUGHT

I can sum up our reasons behind all the improvements we've made and all the improvements we're going to make in one sentence: Our never-ending goal is to improve your telephone service and make it more valuable to you.

Call by number. It's twice as fast.

Wilson, Mrs. J. Wallace Wyman and Mrs. Milton Allen. After a 1 o'clock luncheon and the Optimist creed read by Mrs. Wyman, Mrs. David Parrish, president, called the meeting to order for a short business discussion. The remainder of the afternoon was spent at games. The prize winners were Mrs. B. C. O'Neill, Mrs. John Kirchhoff, Mrs. Russell Johnson, Mrs. Charles Pauly and Mrs. Harry Odum.

Twenty-nine members attended the meeting.

Marjorie Pate

MISS CAROL RUDNICKI, whose engagement to Dennis Cooper, a son of Mr. and Mrs. Oscar Cooper, 1705 Fifth street, Madison, is announced by her parents, Mr. and Mrs. Joseph Rudnicki, 1307 Rhodes street.

SHOWER PARTY

HONORS MRS. BRANCA

Mrs. James Branca, the former Kay Wilmsig, was guest of honor at this week at a miscellaneous bridal shower given by Mrs. Velma Petrillo, Mrs. Kathleen Murphy, Mrs. Judy Kopechak, and Mrs. Carol Delafoye in the Civic Lounge of the Big Top Bowl.

Turquoise and white were the colors used in the appointments of the shower which was attended by about 90 guests. Many lovely gifts were presented to the bride and a buffet luncheon was served following an afternoon at games.

PLEDGE SORORITIES

AT EASTERN ILL. U.

Four young women from Granite City, guests at Eastern Illinois University in Charleston, are among 100 students who have pledged social sororities.

They are Miss Geraldine Straka, Delta Zeta; Miss Sandra Fink, Alpha Gamma Delta; and Misses Phyllis Kawaula and Martha Spengler, Sigma Kappa.

The invitation to join a sorority marks the culmination of several weeks of formal and informal teas and parties and the pledges will become active members of their respective sororities during the spring quarter.

GO TO CHURCH SUNDAY

Miss Rudnicki, Dennis Cooper Are Engaged

Mr. and Mrs. Joseph Rudnicki, 1307 Rhodes street, are announcing the engagement of their daughter, Miss Carol Nadine Rudnicki, to Dennis Cooper, a son of Mr. and Mrs. Oscar Cooper, 1705 Fifth street, Madison.

Both young people are graduates of the Madison high school. Miss Rudnicki is in 1962 and her fiancé in 1959. She is employed by the Vastell and Matosian Ins. Agency in Madison. Mr. Cooper is an employee of the Dow Metal Products Co. Their wedding date has not been set.

UPW Executive Committee Meets

A meeting of the executive committee of the United Presbyterian Women of First United Presbyterian Church was held Tuesday morning at the church.

Mrs. O. H. Grosse, newly-elected president, opened the meeting, and prayer for the missionaries was offered by Mrs. W. G. Cooley.

Reports were given by the treasurer, Mrs. Emmett Beeler, and Mrs. Fred Haug, World Service chairman, and announcement was made of an executive committee meeting to take place in Jerseyville on Feb. 14.

The members were reminded

by Mrs. J. W. Senneff, Fellowship chairman, of the mother-daughter banquet to be held Feb. 5 at the church. Mrs. Senneff also reported on the work of her committee which includes plans for a visitation program.

The meeting closed with prayer and the Funtal benediction. The officers attending were Meslames Grosse, Beeler, Senneff also reported on the work of Robert Ruppel, James Spinks, John Lemon and George Holtz-scher.

To my sense the Sermon on the Mount, read each Sunday without comment and obeyed throughout the week, would be enough for Christian practice.

Miss Cagle Is Fiancee Of Louis H. Mazar

Mr. and Mrs. Joe Cagle, 1242 Robin street, Venice, are announcing the engagement of their daughter, Miss Bonnie Cagle, to SP/5 Louis H. Mazar, a son of Mrs. Anna Mazar of Clinton, Pa.

The prospective bridegroom, is presently a member of the 185th Engineer Company at the Granite City Army Depot after a seventeen months tour of duty in Germany.

A July wedding is planned.

DAR Meets At Home Of Misses Coulter

Drucilla Andrews Chapter, Daughters of the American Revolution, met Monday evening in the home of Misses Lucille and Claudine Coulter, 3161 Carlson avenue.

Miss Nelle Carr, regent, opened the meeting with the pledge to the flag, followed by the monthly message of the President General.

Mrs. John Tate read a prayer for the year from the Book of Worship and Miss Bess Carr gave the program on "Plants From Colonial Days To the Present Time."

GRANITE CHAPTER OES WILL ENTERTAIN NEW HOPE

Granite Chapter 650, Order of Eastern Star, will have as guests at a meeting Friday evening members of New Hope Chapter. The various stations will be filled by the visiting officers.

Mrs. Helen Merz is worthy matron of New Hope and E. S. McKevey is worthy patron.

Mrs. Hulda Griffin is worthy matron of Granite Chapter and Preston Ridings is worthy patron.

Refreshments were served to 12 members. The next meeting will take place in February at the apartment of Miss Ella Ray Smith, 1208a Niedringhaus avenue. Miss Nelle Hart will be co-hostess.
